CURRENT REPORT

**PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

Date of Report (Date of earliest event reported): August 5, 2025

ELME COMMUNITIES

(Exact name of registrant as specified in its charter)

Maryland
(State of incorporation)

001-06622
(Commission File Number)

53-0261100
(IRS Employer Identification Number)

7550 WISCONSIN AVE, SUITE 900, BETHESDA, MD 20814
(Address of principal executive office) (Zip code)

Registrant's telephone number, including area code: (202) 774-3200

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- ☐ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- ☐ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- ☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

| Title of each class | Trading Symbol(s) | Name of each exchange on which registered |
|-------------------------------|-------------------|-------------------------------------------|
| Shares of Beneficial Interest | ELME | NYSE |

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§ 230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§ 240.12b-2 of this chapter).

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Item 2.02 Results of Operations and Financial Condition

and

Item 7.01 Regulation FD Disclosure.

A press release and supplemental information issued by the Registrant on August 5, 2025 regarding earnings for the three and six months ended June 30, 2025, is attached as Exhibit 99.1. This information is being furnished pursuant to Item 7.01 and Item 2.02 of Form 8-K. This information, including Exhibit 99.1, shall not be deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”), or otherwise subject to liabilities of that section, and is not incorporated by reference into any filing of the Registrant under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such filing.

Item 9.01 Financial Statements and Exhibits.

Elme Communities Announces Second Quarter 2025 Results

Elme Communities (the "Company" or "Elme") (NYSE: ELME), a multifamily REIT, reported financial and operating results today for the quarter ended June 30, 2025:

Financial Results

| | Three months ended June 30, | | | |
|----------------------------|-----------------------------|--------|------|--------|
| | 2025 | | 2024 | |
| Net loss per diluted share | \$ | (0.04) | \$ | (0.04) |
| Core FFO per diluted share | | 0.24 | | 0.23 |

Operational Highlights

- Same-store multifamily NOI increased by 4.5% compared to the prior year quarter
- Same-store Average Effective Monthly Rent Per Home increased 1.4% compared to the prior year quarter
- Effective blended Lease Rate Growth was 1.3% for our Same-Store Portfolio during the quarter, comprised of effective new Lease Rate Growth of (3.3)% and effective renewal Lease Rate Growth of 4.9%
- Retention was 62% during the quarter, in line with expectations
- Same-store multifamily Average Occupancy was 94.7% during the quarter, up 0.2% compared to the prior year quarter

Balance Sheet

- Available liquidity was \$330 million as of June 30, 2025, consisting of availability under the Company's revolving credit facility and cash on hand
- Annualized second quarter Net Debt to Adjusted EBITDA ratio was 5.6x
- The Company has a strong balance sheet with only \$125 million of debt maturing before 2028 and no secured debt

Strategic Review Update

On August 4, 2025, Elme announced that it had entered into a Purchase and Sale Agreement with Cortland Partners, dated August 1, 2025 (the "Purchase Agreement"), providing for the sale of 19 multifamily communities for approximately \$1.6 billion. Also on August 4, 2025, the Board of Trustees announced that it has approved a voluntary plan of sale and liquidation providing for the sale of Elme Communities' remaining assets and the liquidation and dissolution of Elme (the "Plan of Sale and Liquidation").

Second Quarter Operating Results

- **Multifamily same-store NOI** - Same-store NOI increased 4.5% compared to the corresponding prior year period driven primarily by higher rental revenue and fee and ancillary income. Average occupancy for the quarter increased 0.2% from the prior year period to 94.7%.
- **Other same-store NOI** - The Other same-store portfolio is comprised of one asset, Watergate 600. Other same-store NOI decreased by 7.3% compared to the corresponding prior year period due to lower occupancy. Watergate 600 was 82.3% occupied and leased at quarter end.

2025 Guidance

Given the announced portfolio sale transaction and adoption of the Plan of Sale and Liquidation, the Company is withdrawing its prior 2025 guidance and assumptions and does not expect to issue new guidance for 2025 or 2026.

Dividends

On July 3, 2025, Elme Communities paid a quarterly dividend of \$0.18 per share.

On August 4, 2025, Elme Communities announced that its Board of Trustees has declared a quarterly dividend of \$0.18 per share to be paid on October 3, 2025 to shareholders of record on September 17, 2025.

Presentation Webcast and Conference Call Information

The Second Quarter 2025 Earnings Call is scheduled for Wednesday, August 6, 2025 at 10:00 A.M. Eastern Time. There will also be a webcast presentation. Conference Call access information is as follows:

USA Toll Free Number: 1-888-506-0062
International Toll Number: 1-973-528-0011
Conference ID: 990450

The instant replay of the Earnings Call will be available until Wednesday, August 20, 2025. Instant replay access information is as follows:

USA Toll Free Number: 1-877-481-4010
International Toll Number: 1-919-882-2331
Conference ID: 52639

The replay of the call will also be available on the Investors section of Elme Communities' website at www.elmecomunities.com. Online playback of the webcast will be available following the Conference Call.

About Elme Communities

Elme Communities is committed to elevating what home can be for middle-income renters by providing a higher level of quality, service, and experience. The Company is a multifamily real estate investment trust that owns and operates approximately 9,400 apartment homes in the Washington, DC metro and the Atlanta metro regions, and owns approximately 300,000 square feet of commercial space. Focused on providing quality, affordable homes to a deep, solid, and underserved base of mid-market demand, Elme Communities is building long-term value for shareholders.

Note: Elme Communities' press releases and supplemental financial information are available on the Company website at www.elmecomunities.com or by contacting Investor Relations at (202) 774-3200.

Forward-Looking and Cautionary Statements

Certain statements in our earnings release are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 and involve risks and uncertainties. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward looking statements by the use of forward-looking terminology such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” or “potential” or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. Such statements involve known and unknown risks, uncertainties, and other factors which may cause the actual results, performance, or achievements of Elme to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Additional factors which may cause the actual results, performance, or achievements of Elme to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements include, but are not limited to: the satisfaction or waiver of the conditions to closing the sale of a 19-asset portfolio by Elme to an affiliate of Cortland Partners, LLC (the “Portfolio Sale Transaction”) pursuant to the Purchase and Sale Agreement; the possibility that Elme’s shareholders do not approve the Portfolio Sale Transaction and/or plan of sale and liquidation (the “Plan of Sale and Liquidation” and together with the Portfolio Sale Transaction, the “Proposed Transactions”) or that other conditions to the closing on all 19 of the properties included in the Portfolio Sale Transaction are not satisfied or waived at all or on the anticipated timeline; unanticipated difficulties or expenditures relating to the Proposed Transactions; changes in the amount and timing of the total liquidating distributions, including as a result of unexpected levels of transaction cost, delayed or terminated closings, liquidation costs or unpaid or additional liabilities and obligations; the inability to close our proposed new debt financing on the terms or timeline or for the amount anticipated; fees associated with the repayment of our existing indebtedness; the possibility of converting to a liquidating trust or other liquidating entity; the ability of our board of trustees to terminate the Plan of Sale and Liquidation, whether or not approved by shareholders; the response of our residents, tenants and business partners to the announcement of the Proposed Transactions; potential difficulties in employee retention as a result of announcement of the Proposed Transactions; the occurrence of any event, change or other circumstances that could give rise to the termination of the Portfolio Sale Transaction; the outcome of legal proceedings that may be instituted against Elme, its trustees and others related to the Proposed Transactions; the risk that disruptions caused by or relating to the Proposed Transactions will harm Elme’s business, including current plans and operations; risks relating to the market value of Elme’s common shares, including following approval of the Proposed Transactions by our shareholders; risks associated with third party contracts containing consent and/or other provisions that may be triggered by the Proposed Transactions; restrictions during the pendency of the Portfolio Sale Transaction that may impact Elme’s ability to pursue certain business opportunities or strategic transactions; general risks affecting the real estate industry and local real estate markets (including, without limitation, the market value of Elme’s properties and potential illiquidity of Elme’s remaining real estate investments); whether or not the sale of one or more of Elme’s properties may be considered a prohibited transaction under the Internal Revenue Code of 1986, as amended; Elme’s ability to maintain its status as a real estate investment trust for U.S. federal income tax purposes; the occurrence of any event, change or other circumstances that could give rise to the termination of one or both of the Proposed Transactions; the risks associated with ownership of real estate in general and our real estate assets in particular; general economic and market developments and conditions; and volatility and uncertainty in the financial markets.

The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties that affect Elme’s businesses in the “Risk Factors” section of Elme’s Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and other documents filed by Elme from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. While forward-looking statements reflect Elme’s good faith beliefs, they are not guarantees of future performance. Elme undertakes no obligation to update its forward-looking statements or risk factors to reflect new information, future events, or otherwise.

This Earnings Release also includes certain forward-looking non-GAAP information. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income (loss) as a measure of our operating performance. Please see the following pages for the corresponding definitions and reconciliations of such non-GAAP financial measures.

Non-GAAP Financial Measures

Adjusted EBITDA is earnings before interest expense, taxes, depreciation, amortization, gain/loss on sale of real estate, casualty gain/loss, real estate impairment, gain/loss on extinguishment of debt, gain/loss on interest rate derivatives, severance expense, acquisition expenses, gain from non-disposal activities, adjustment to deferred taxes, write-off of pursuit costs and gain on land easements. Adjusted EBITDA is included herein because we believe it helps investors and lenders understand our ability to incur and service debt and to make capital expenditures. Adjusted EBITDA is a non-GAAP and non-standardized measure and may be calculated differently by other REITs.

Adjusted Funds From Operations ("AFFO") is a non-GAAP measure. It is calculated by subtracting from FFO (1) recurring improvements, tenant improvements and leasing costs, that are capitalized and amortized and are necessary to maintain our properties and revenue stream (excluding items contemplated prior to acquisition or associated with development / redevelopment of a property) and (2) straight line rents, then adding (3) non-real estate depreciation and amortization, (4) non-cash fair value interest expense and (5) amortization of restricted share compensation, then adding or subtracting the (6) amortization of lease intangibles, (7) real estate impairment and (8) non-cash gain/loss on extinguishment of debt, as appropriate. AFFO is included herein, because we consider it to be a performance measure of a REIT's ability to incur and service debt and to distribute dividends to its shareholders. AFFO is a non-GAAP and non-standardized measure, and may be calculated differently by other REITs.

Core Adjusted Funds From Operations ("Core AFFO") is calculated by adjusting AFFO for the following items (which we believe are not indicative of the performance of Elme Communities' operating portfolio and affect the comparative measurement of Elme Communities' operating performance over time): (1) gains or losses on extinguishment of debt and gains or losses on interest rate derivatives, (2) expenses related to acquisition and structuring activities, (3) non-share-based executive transition costs, severance expenses and other expenses related to corporate restructuring and executive retirements or resignations, (4) expenses consisting of advisory and legal services provided by third parties related to our previously announced formal strategic alternatives review and the previously disclosed cooperation agreement, (5) property impairments, casualty gains and losses, and gains or losses on sale not already excluded from Core AFFO, as appropriate, (6) write-off of pursuit costs, (7) adjustment to deferred taxes and (8) gain on land easements. These items can vary greatly from period to period, depending upon the volume of our acquisition activity and debt retirements, among other factors. We believe that by excluding these items, Core AFFO serves as a useful, supplementary performance measure of Elme Communities' ability to incur and service debt, and distribute dividends to its shareholders. Core AFFO is a non-GAAP and non-standardized measure, and may be calculated differently by other REITs.

Core Funds From Operations ("Core FFO") is calculated by adjusting NAREIT FFO for the following items (which we believe are not indicative of the performance of Elme Communities' operating portfolio and affect the comparative measurement of Elme Communities' operating performance over time): (1) gains or losses on extinguishment of debt and gains or losses on interest rate derivatives, (2) expenses related to acquisition and structuring activities, (3) executive transition costs, severance expenses and other expenses related to corporate restructuring and executive retirements or resignations, (4) expenses consisting of advisory and legal services provided by third parties related to our previously announced formal strategic alternatives review and the previously disclosed cooperation agreement, (5) property impairments, casualty gains and losses, and gains or losses on sale not already excluded from NAREIT FFO, as appropriate, (6) write-off of pursuit costs, (7) adjustment to deferred taxes and (8) gain on land easements. These items can vary greatly from period to period, depending upon the volume of our acquisition activity and debt retirements, among other factors. We believe that by excluding these items, Core FFO serves as a useful, supplementary measure of Elme Communities' ability to incur and service debt, and distribute dividends to its shareholders. Core FFO is a non-GAAP and non-standardized measure, and may be calculated differently by other REITs.

NAREIT Funds From Operations ("FFO") is defined by the 2018 National Association of Real Estate Investment Trusts, Inc. ("NAREIT") FFO White Paper Restatement, as net income (computed in accordance with generally accepted accounting principles ("GAAP") excluding gains (or losses) associated with sales of properties, impairments of depreciable real estate and real estate depreciation and amortization. We consider NAREIT FFO to be a standard supplemental measure for real estate investment trusts ("REITs"), and believe it is a useful measure because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which historically assumes that the value of real estate assets diminishes predictably over time. Since real estate values have instead historically risen or fallen with market conditions, we believe that NAREIT FFO more accurately provides investors an indication of our ability to incur and service debt, make capital expenditures and fund other needs. Our NAREIT FFO may not be comparable to FFO reported by other REITs. These other REITs may not define the term in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently. NAREIT FFO is a non-GAAP measure.

Net Debt to Adjusted EBITDA represents net debt as of period end divided by adjusted EBITDA for the period, as annualized (i.e. three months periods are multiplied by four) or on a trailing 12 month basis. We define net debt as the total outstanding debt reported as per our consolidated balance sheets less cash and cash equivalents at the end of the period.

Net Operating Income (“NOI”), defined as real estate rental revenue less direct real estate operating expenses, is a non-GAAP measure. NOI is calculated as net income, less non-real estate revenue and the results of discontinued operations (including the gain or loss on sale, if any), plus interest expense, depreciation and amortization, lease origination expenses, general and administrative expenses, acquisition costs, real estate impairment, casualty gain and losses and gain or loss on extinguishment of debt. NOI does not include management expenses, which consist of corporate property management costs and property management fees paid to third parties. NOI is the primary performance measure we use to assess the results of our operations at the property level. We believe that NOI is a useful performance measure because, when compared across periods, it reflects the impact on operations of trends in occupancy rates, rental rates and operating costs on an unleveraged basis, providing perspective not immediately apparent from net income. NOI excludes certain components from net income in order to provide results more closely related to a property's results of operations. For example, interest expense is not necessarily linked to the operating performance of a real estate asset. In addition, depreciation and amortization, because of historical cost accounting and useful life estimates, may distort operating performance at the property level. As a result of the foregoing, we provide NOI as a supplement to net income, calculated in accordance with GAAP. NOI does not represent net income or income from continuing operations calculated in accordance with GAAP. As such, NOI should not be considered an alternative to these measures as an indication of our operating performance.

Other Definitions

Average Effective Monthly Rent Per Home represents the average of effective rent (net of concessions) for in-place leases plus the market rent for vacant homes, divided by the total number of homes. We believe Average Effective Monthly Rent Per Home is a useful metric in evaluating the average pricing of our homes. It is a component of Residential Revenue, which is used to calculate our NOI. It does not represent actual rental revenue collected per unit.

Average Occupancy is based on average daily occupied apartment homes as a percentage of total apartment homes.

Current Strategy represents the class of each community in our portfolio based on a set of criteria. Our strategies consist of the following subcategories: Class A, Class A-, Class B Value-Add and Class B. A community's class is dependent on a variety of factors, including its vintage, site location, amenities and services, rent growth drivers and rent relative to the market.

- Class A communities are recently-developed, well-located, have competitive amenities and services and command average rental rates well above market median rents.
- Class A- communities have been developed within the past 20 years and feature operational improvements and unit upgrades and command rents at or above median market rents.
- Class B Value-Add communities are over 20 years old but feature operational improvements and strong potential for unit renovations. These communities command average rental rates below median market rents for units that have not been renovated.
- Class B communities are over 20 years old, feature operational improvements and command average rental rates below median market rents.

Debt Service Coverage Ratio is computed by dividing earnings attributable to the controlling interest before interest expense, taxes, depreciation, amortization, real estate impairment, gain on sale of real estate, gain/loss on extinguishment of debt, severance expense, acquisition and structuring expenses, gain/loss from non-disposal activities and gain on land easements by interest expense (including interest expense from discontinued operations) and principal amortization.

Debt to Total Market Capitalization is total debt divided by the sum of total debt plus the market value of shares outstanding at the end of the period.

Earnings to Fixed Charges Ratio is computed by dividing earnings attributable to the controlling interest by fixed charges. For this purpose, earnings consist of income from continuing operations (or net income if there are no discontinued operations) plus fixed charges, less capitalized interest. Fixed charges consist of interest expense (excluding interest expense from discontinued operations), including amortized costs of debt issuance, plus interest costs capitalized.

Ending Occupancy is calculated as occupied homes as a percentage of total homes as of the last day of that period.

Lease Rate Growth is defined as the average percentage change in either gross (excluding the impact of concessions) or effective rent (net of concessions) for a new or renewed multifamily lease compared to the prior lease based on the move-in date. The “blended” rate represents the weighted average of new and renewal lease rate growth achieved.

Recurring Capital Improvements represent non-accretive building improvements required to maintain a property's income and value. Recurring capital improvements do not include acquisition capital that was taken into consideration when underwriting the purchase of a building or which are incurred to bring a building up to “operating standard”. This category includes improvements made as needed upon vacancy of an apartment. Aside from improvements related to apartment turnover, these improvements include facade repairs, installation of new heating and air conditioning equipment, asphalt replacement, permanent landscaping, new lighting and new finishes.

Retention represents the percentage of multifamily leases renewed that were set to expire in the period presented.

Same-store Portfolio includes properties that were owned for the entirety of the years being compared, and exclude properties under redevelopment or development and properties acquired, sold or classified as held for sale during the years being compared. We categorize our properties as "same-store" or "non-same-store" for purposes of evaluating comparative operating performance. We define development properties as those for which we have planned or ongoing major construction activities on existing or acquired land pursuant to an authorized development plan. Development properties are categorized as same-store when they have reached stabilized occupancy (90%) before the start of the prior year. We define redevelopment properties as those for which we have planned or ongoing significant development and construction activities on existing or acquired buildings pursuant to an authorized plan, which has an impact on current operating results, occupancy and the ability to lease space with the intended result of a higher economic return on the property. We categorize a redevelopment property as same-store when redevelopment activities have been complete for the majority of each year being compared. We currently have two same-store portfolios: "Same-store multifamily" which is comprised of our same-store apartment communities and "Other same-store" which is comprised of our Watergate 600 commercial property.

(1) Utility costs reimbursed by residents are included in real estate rental revenue on our consolidated statements of operations. Utility reimbursements totaled \$4.7 million and \$4.5 million for the six months ended June 30, 2025 and 2024 respectively, and \$2.3 million, \$2.4 million, \$2.4 million, \$2.3 million and \$2.1 million for the three months ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024 and June 30, 2024, respectively.

(2) NOI is a non-GAAP measure. See "Definitions" on page 10 for the definition of NOI and reconciliation of Net loss to NOI on page 30.

(3) Operating margin is calculated by dividing the same-store NOI (non-GAAP) by same-store rental and other property revenues.

(1) For the six months ended June 30, 2025.

(2) NOI is a non-GAAP measure. See "Definitions" on page [10](#) for the definition of NOI and reconciliation of Net loss to NOI on page [29](#).

(3) Metrics for Elme Marietta are not adjusted for 24 down units that are currently unavailable for use due to a fire that occurred within the community on March 24, 2024. We currently anticipate these units will be placed back in service by the end of the fourth quarter of 2025. Concurrently, we are engaged with our insurance provider to determine potential insurance proceeds and coverage under our business interruption insurance.

| Weighted Average | <u>4.9 %</u> | <u>4.9 %</u> | <u>4.7 %</u> | <u>4.9 %</u> | <u>4.9 %</u> |

(1) In the first quarter of 2023, Elme Communities entered into a \$125.0 million unsecured term loan ("2023 Term Loan") with an interest rate of SOFR (subject to a credit spread adjustment of 10 basis points) plus a margin of 95 basis points (subject to adjustment depending on Elme Communities' credit rating). The original term of the 2023 Term Loan had a two-year term ending in January 2025, with two one-year extension options. In the fourth quarter of 2024, we exercised one of two one-year extension options to extend the maturity of the loan to January 10, 2026.

(2) In the first quarter of 2023, Elme Communities entered into two interest rate swap arrangements with an aggregate notional amount of \$125.0 million that effectively fixed the interest at 4.73% for the 2023 Term Loan beginning on July 21, 2023 through the 2023 Term Loan's initial maturity date of January 10, 2025. In the second quarter of 2024, we entered into two forward interest rate swap arrangements with an aggregate notional amount of \$150.0 million beginning on January 10, 2025 through the loan maturity date of January 10, 2026. These forward interest rate swap arrangements effectively fix (i) a portion of our variable rate debt based on an adjusted daily SOFR at 4.72% (subject to applicable interest rate margins) and (ii) the 2023 Term Loan's interest rate at 5.77% beginning on January 10, 2025 through the loan maturity date of January 10, 2026.

Note: The current debt balances outstanding are shown net of discounts, premiums and unamortized debt costs (see page [26](#)).

| Loan costs, net of amortization | (1,744) | — | (1,744) | |
| Total maturities | \$ 523,196 | \$ 175,000 | \$ 698,196 | 4.9% |

Weighted average maturity = 3.8 years

(1) In the first quarter of 2023, we entered into a \$125.0 million 2023 Term Loan with an interest rate of SOFR (subject to a credit spread adjustment of 10 basis points) plus a margin of 95 basis points (subject to adjustment depending on Elme Communities' credit rating). The original term of the 2023 Term Loan had a two-year term ending in January 2025, with two one-year extension options. In the fourth quarter of 2024, we exercised one of two one-year extension options to extend the maturity of the loan to January 10, 2026. In the first quarter of 2023, Elme Communities entered into two interest rate swap arrangements with an aggregate notional amount of \$125.0 million that effectively fixed the interest at 4.73% for the 2023 Term Loan beginning on July 21, 2023 through the 2023 Term Loan's initial maturity date of January 10, 2025. In the second quarter of 2024, we entered into two forward interest rate swap arrangements with an aggregate notional amount of \$150.0 million beginning on January 10, 2025 through the loan maturity date of January 10, 2026. These forward interest rate swap arrangements effectively fix (i) a portion of our variable rate debt based on an adjusted daily SOFR at 4.72% (subject to applicable interest rate margins) and (ii) the 2023 Term Loan's interest rate at 5.77% beginning on January 10, 2025 through the loan maturity date of January 10, 2026.

(2) In the third quarter of 2024, we executed an amended and restated credit agreement (the "Amended Credit Agreement") that provides for a revolving credit facility of \$500.0 million that matures in July 2028, with two six-month extension options.

(1) Total Assets is calculated by applying a capitalization rate of 7.50% to the EBITDA⁽⁴⁾ from the last four consecutive quarters, excluding EBITDA from acquired, disposed, and non-stabilized development properties.

(2) Total Unencumbered Assets is calculated by applying a capitalization rate of 7.50% to the EBITDA⁽⁴⁾ from unencumbered properties from the last four consecutive quarters, excluding EBITDA from acquired, disposed, and non-stabilized development properties.

(3) Consolidated Total Asset Value is the sum of unrestricted cash plus the quotient of applying a capitalization rate to the annualized NOI from the most recently ended quarter for each asset class, excluding NOI from disposed properties, acquisitions during the past 6 quarters, development, major redevelopment and low occupancy properties. To this amount, we add the purchase price of acquisitions during the past 6 quarters plus values for development, major redevelopment and low occupancy properties.

(4) Consolidated Adjusted EBITDA is defined as earnings before noncontrolling interests, depreciation, amortization, interest expense, income tax expense, acquisition costs, extraordinary, unusual or nonrecurring transactions including sale of assets, impairment, gains and losses on extinguishment of debt and other non-cash charges.

(5) Consolidated Fixed Charges consist of interest expense excluding capitalized interest and amortization of deferred financing costs, principal payments and preferred dividends, if any.

(6) Unencumbered Pool Value is the sum of unrestricted cash plus the quotient of applying a capitalization rate to the annualized NOI from unencumbered properties from the most recently ended quarter for each asset class excluding NOI from disposed properties, acquisitions during the past 6 quarters, development, major redevelopment and low occupancy properties. To this we add the purchase price of unencumbered acquisitions during the past 6 quarters and values for unencumbered development, major redevelopment and low occupancy properties.

(7) For the line of credit and 2023 Term Loan, Watergate 600 is valued at its undepreciated GAAP book value for Consolidated Total Asset Value and Unencumbered Pool Value.

(1) The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations attributable to the controlling interests plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, including amortized costs of debt issuance, plus interest costs capitalized.

(2) Debt service coverage ratio is calculated by dividing Adjusted EBITDA by interest expense and principal amortization. Adjusted EBITDA is a non-GAAP measure. See "Definitions" on page 10 for the definition of Adjusted EBITDA.

(3) Payout Ratio (Core FFO basis) is calculated by dividing the common dividend per share by the Core FFO per share. Core FFO is a non-GAAP measure. See "Definitions" on page 10 for the definition of Core FFO.

(4) Payout Ratio (Core AFFO basis) is calculated by dividing the common dividend per share by the Core AFFO per share. Core AFFO is a non-GAAP measure. See "Definitions" on page 10 for the definition of Core AFFO.
