Part I

FINANCIAL INFORMATION

The information furnished in the accompanying unaudited Consolidated Balance Sheets, Statements of Income, Statements of Cash Flows and Statement of Changes in Shareholders' Equity reflects all adjustments, consisting of normal recurring items, which are, in the opinion of management, necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods. The accompanying financial statements and notes thereto should be read in conjunction with the financial statements and notes for the three years ended December 31, 2007 included in the Trust's 2007 Annual Report on Form 10-K filed with the Securities and Exchange Commission.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

**NOTE 1: NATURE OF BUSINESS**

Washington Real Estate Investment Trust (“WRIT,” the “Company” or the “Trust”), a Maryland Real Estate Investment Trust, is a self-administered, self-managed equity real estate investment trust, successor to a trust organized in 1960. Our business consists of the ownership and development of income-producing real estate properties in the greater Washington metro region. We own a diversified portfolio of office buildings, medical office buildings, industrial/flex centers, multifamily properties and retail centers.

**Federal Income Taxes**

We believe that we qualify as a Real Estate Investment Trust (REIT) under Sections 856-860 of the Internal Revenue Code and intend to continue to qualify as such. To maintain our status as a REIT, we are required to distribute at least 90% of our ordinary taxable income to our shareholders. When selling properties, we have the option of (i) reinvesting the sale price of properties sold, allowing for a deferral of income taxes on the sale, (ii) paying out capital gains to the shareholders with no tax to the company or (iii) treating the capital gains as having been distributed to the shareholders, paying the tax on the gain deemed distributed and allocating the tax paid as a credit to the shareholders. No properties were sold in the first three months of 2008.

**NOTE 2: ACCOUNTING POLICIES**

***Basis of Presentation***

The accompanying unaudited financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although we believe that the disclosures made are adequate to make the information presented not misleading. In addition, in the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These unaudited financial statements should be read in conjunction with the financial statements and notes included in our Annual Report on Form 10-K for the year ended December 31, 2007.

Within these notes to the financial statements, we refer to the three months ended March 31, 2008 as the “2008 Quarter” and the three months ended March 31, 2007 as the “2007 Quarter”.

***New Accounting Pronouncements***

In September 2006, the FASB issued FASB Statement No. 157, “Fair Value Measurements” (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. On February 12, 2007, the FASB issued FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157* (“the FSP”). The FSP amends SFAS No. 157 to delay the effective date for all non-financial assets and non-financial liabilities, except for those that are recognized or disclosed at fair value in the financial statements on a recurring basis (i.e. at least annually). The FSP defers the effective date of SFAS No. 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years for items within the scope of the proposed FSP. The effective date of the statement related to those items not covered by the deferral (all financial assets and liabilities or non-financial assets and liabilities recorded at fair value on a recurring basis) is for fiscal years beginning after November 15, 2007. We do not have significant assets or liabilities recorded at fair value on a recurring basis, and therefore the adoption of this statement on January 1, 2008 did not have a material impact on our financial statements. However, this statement requires us to provide expanded disclosures of our valuation techniques.

In February 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities – Including an Amendment of FASB Statement No. 115.” SFAS No. 159 permits entities to choose to measure eligible items at fair value at specified election dates and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. We have not elected the fair value option for any assets or liabilities, and therefore the adoption of the statement did not have a material impact on our financial statements.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

On March 26, 2008, the FASB elected to proceed to a draft of FASB Staff Position APB 14-a (“the proposed FSP”). This proposed guidance clarifies the accounting for convertible debt instruments that may be settled in cash (including partial cash settlement) upon conversion. When issued in final form, the guidance will significantly impact the accounting of the Company’s convertible debt by requiring bifurcation of a component of the debt, classification of that component in stockholders’ equity, and then accretion of the resulting discount on the debt to result in interest expense equal to the issuer’s nonconvertible debt borrowing rate. The calculation of earnings-per-share would not be affected, other than the impact on net income from the debt discount amortization. The proposed FSP will be effective for fiscal years beginning after December 15, 2008. We believe that the adoption of the proposed FSP could have a significant impact on our financial statements if adopted in its current form due to our convertible debt outstanding, but have not quantified the impact because it is uncertain what the final FSP will require.

In December 2007, the FASB issued SFAS No. 141(R), “Business Combinations,” a revision of SFAS No. 141. This statement changes the accounting for acquisitions by specifically eliminating the step acquisition model, changing the recognition of contingent consideration from being recognized when it is probable to being recognized at the time of acquisition, disallowing the capitalization of transaction costs, and delaying when restructuring related to acquisitions can be recognized. The standard is effective for fiscal years beginning after December 15, 2008, and will only impact the accounting for acquisitions we make after our adoption. Accordingly, upon our adoption of this standard on January 1, 2009, there will not be any impact on our historical financial statements.

Also in December 2007, the FASB issued SFAS No. 160, “Noncontrolling Interests in Consolidated Financial Statements,” which clarifies the classification of noncontrolling interests in consolidated statements of financial position and the accounting for and reporting of transactions between the reporting entity and holders of such noncontrolling interests. Under the new standard noncontrolling interests are considered equity and should be reported as an element of consolidated equity. Net income will encompass the total income of all consolidated subsidiaries and there will be a separate disclosure on the face of the income statement of the attribution of that income between the controlling and noncontrolling interests. Increases and decreases in the noncontrolling ownership interest amount will be accounted for as equity transactions. The standard is effective for fiscal years beginning after December 15, 2008. We are in the process of assessing the impact of the SFAS on our financial statements.

In March 2008 the FASB issued SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities, an Amendment of FASB Statement No. 133” (FAS 161). This statement requires entities to provide greater transparency about how and why an entity uses derivative instruments, and how derivative instruments and related hedged items affect an entity’s financial position, results of operations, and cash flows. To meet these objectives, FAS 161 requires (1) qualitative disclosures about objectives for using derivatives by primary underlying risk exposure and by purpose or strategy, (2) information about the volume of derivative activity, (3) tabular disclosures about balance sheet location and gross fair value amounts of derivative instruments, income statement and other comprehensive income location and amounts of gains and losses on derivative instruments by type of contract, and (4) disclosures about credit risk-related contingent features in derivative agreements. FAS 161 is effective for financial statements issued for fiscal years beginning after November 15, 2008. We are in the process of assessing the impact of the SFAS on our financial statements.

***Revenue Recognition***

Residential properties (our multifamily segment) are leased under operating leases with terms of generally one year or less, and commercial properties (our office, medical office, retail and industrial segments) are leased under operating leases with average terms of three to seven years. We recognize rental income and rental abatements from our residential and commercial leases when earned on a straight-line basis in accordance with SFAS No. 13 “Accounting for Leases.” Recognition of rental income commences when control of the facility has been given to the tenant. We record a provision for losses on accounts receivable equal to the estimated uncollectible amounts. This estimate is based on our historical experience and a review of the current status of the Company’s receivables. Percentage rents, which represent additional rents based on gross tenant sales, are recognized when tenants’ sales exceed specified thresholds.

In accordance with SFAS No. 66, “Accounting for Sales of Real Estate,” sales are recognized at closing only when sufficient down payments have been obtained, possession and other attributes of ownership have been transferred to the buyer and we have no significant continuing involvement.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

We recognize cost reimbursement income from pass-through expenses on an accrual basis over the periods in which the expenses were incurred. Pass-through expenses are comprised of real estate taxes, operating expenses and common area maintenance costs which are reimbursed by tenants in accordance with specific allowable costs per tenant lease agreements.

***Minority Interest***

We entered into an operating agreement with a member of the entity that previously owned Northern Virginia Industrial Park in conjunction with the acquisition of this property in May 1998. This resulted in a minority ownership interest in this property based upon defined company ownership units at the date of purchase. The operating agreement was amended and restated in 2002 resulting in a reduced minority ownership percentage interest. We account for this activity by recording minority interest expense by applying the minority owner's percentage ownership interest to the net income of the property and including such amount in our general and administrative expenses, thereby reducing net income.

In August 2007 we acquired a 0.8 acre parcel of land located at 4661 Kenmore Avenue, Alexandria, Virginia for future medical office development. The acquisition was funded by issuing operating units in a consolidated subsidiary of WRIT. This resulted in a minority ownership interest in this property based upon defined company ownership units at the date of purchase. We account for this activity by recording minority interest expense by applying the minority owner's percentage ownership interest to the net income of the property and including such amount in our general and administrative expenses, thereby reducing net income.

Minority interest expense was \$57,300 for the 2008 quarter and \$52,300 for the 2007 Quarter. Quarterly distributions are made to the minority owners equal to the quarterly dividend per share for each ownership unit.

***Deferred Financing Costs***

External costs associated with the issuance or assumption of mortgages, notes payable and fees associated with the lines of credit are capitalized and amortized using the effective interest rate method or the straight-line method which approximates the effective interest rate method over the term of the related debt. As of March 31, 2008 and December 31, 2007, deferred financing costs of \$20.2 million and \$23.9 million, respectively, net of accumulated amortization of \$4.4 million and \$7.9 million, were included in Prepaid Expenses and Other Assets on the balance sheets. The amortization is included in Interest Expense in the accompanying statements of income. The amortization of debt costs included in Interest Expense totaled \$0.7 million for the 2008 Quarter and \$0.5 million for the 2007 Quarter.

***Deferred Leasing Costs***

Costs associated with the successful negotiation of leases, both external commissions and internal direct costs, are capitalized and amortized on a straight-line basis over the terms of the respective leases. If an applicable lease terminates prior to the expiration of its initial lease term, the carrying amount of the costs are written-off to amortization expense. As of March 31, 2008 and December 31, 2007 deferred leasing costs of \$25.0 million and \$23.8 million, respectively, net of accumulated amortization of \$8.9 million and \$8.3 million, were included in Prepaid Expenses and Other Assets on the balance sheets. The amortization of deferred leasing costs included in Amortization Expense for properties classified as continuing operations totaled \$0.8 million for the 2008 Quarter and \$0.7 million for the 2007 Quarter.

***Real Estate and Depreciation***

Buildings are depreciated on a straight-line basis over estimated useful lives ranging from 28 to 50 years. All capital improvement expenditures associated with replacements, improvements, or major repairs to real property that extend its useful life are capitalized and depreciated using the straight-line method over their estimated useful lives ranging from 3 to 30 years. We also capitalize costs incurred in connection with our development projects, including capitalizing interest and other internal costs during periods in which development projects are in progress. In addition, we capitalize tenant leasehold improvements when certain criteria are met, including when we supervise construction and will own the improvements. All tenant improvements are amortized over the shorter of the useful life of the improvements or the term of the related tenant lease. Real estate depreciation expense from continuing operations was \$16.8 million for the 2008 Quarter and \$12.5 million for the 2007 Quarter. Maintenance and repair costs that do not extend an asset's life are charged to expense as incurred.

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

We capitalize interest costs incurred on borrowing obligations while qualifying assets are being readied for their intended use in accordance with SFAS No. 34, "Capitalization of Interest Cost." Total interest expense capitalized to real estate assets related to development and major renovation activities was \$0.8 million for the 2008 Quarter and \$1.3 million for the 2007 Quarter. Interest capitalized is amortized over the useful life of the related underlying assets upon those assets being placed into service.

We recognize impairment losses on long-lived assets used in operations and held for sale, development assets or land held for future development, if indicators of impairment are present and the net undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount and estimated undiscounted cash flows associated with future development expenditures. If such carrying amount is in excess of the estimated cash flows from the operation and disposal of the property, we would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to the estimated fair value. There were no property impairments recognized during 2008 and 2007 Quarters.

We allocate the purchase price of acquired properties to the related physical assets and in-place leases based on their fair values, in accordance with SFAS No. 141, "Business Combinations." The fair values of acquired buildings are determined on an "as-if-vacant" basis considering a variety of factors, including the physical condition and quality of the buildings, estimated rental and absorption rates, estimated future cash flows and valuation assumptions consistent with current market conditions. The "as-if-vacant" fair value is allocated to land, building and tenant improvements based on property tax assessments and other relevant information obtained in connection with the acquisition of the property. No goodwill was recorded on our acquisitions for the 2008 and 2007 Quarters.

The fair value of in-place leases consists of the following components – (1) the estimated cost to us to replace the leases, including foregone rents during the period of finding a new tenant and foregone recovery of tenant pass-throughs (referred to as "Absorption Cost"), (2) the estimated cost of tenant improvements, and other direct costs associated with obtaining a new tenant (referred to as "Tenant Origination Cost"); (3) estimated leasing commissions associated with obtaining a new tenant (referred to as "Leasing Commissions"); (4) the above/below market cash flow of the leases, determined by comparing the projected cash flows of the leases in place to projected cash flows of comparable market-rate leases (referred to as "Net Lease Intangible"); and (5) the value, if any, of customer relationships, determined based on our evaluation of the specific characteristics of each tenant's lease and our overall relationship with the tenant (referred to as "Customer Relationship Value").

The amounts used to calculate Net Lease Intangible are discounted using an interest rate which reflects the risks associated with the leases acquired. Tenant Origination Costs are included in Real Estate Assets on our balance sheet and are amortized as depreciation expense on a straight-line basis over the remaining life of the underlying leases. Leasing Commissions and Absorption Costs are classified as Other Assets and are amortized as amortization expense on a straight-line basis over the remaining life of the underlying leases. Net Lease Intangible Assets are classified as Other Assets and are amortized on a straight-line basis as a decrease to Real Estate Rental Revenue over the remaining term of the underlying leases. Net Lease Intangible Liabilities are classified as Other Liabilities and are amortized on a straight-line basis as an increase to Real Estate Rental Revenue over the remaining term of the underlying leases. Should a tenant terminate its lease, the unamortized portion of the Tenant Origination Cost, Leasing Commissions, Absorption Costs and Net Lease Intangible associated with that lease are written off to depreciation expense, amortization expense, and rental revenue, respectively.

Balances, net of accumulated depreciation or amortization, as appropriate, of the components of the fair value of in-place leases at March 31, 2008 and December 31, 2007 are as follows (in millions):

|                                      | March 31, 2008       |                          |         | December 31, 2007    |                          |         |
|--------------------------------------|----------------------|--------------------------|---------|----------------------|--------------------------|---------|
|                                      | Gross Carrying Value | Accumulated Amortization | Net     | Gross Carrying Value | Accumulated Amortization | Net     |
| Tenant Origination Costs             | \$ 31.0              | \$ 12.1                  | \$ 18.9 | \$ 31.3              | \$ 10.9                  | \$ 20.4 |
| Leasing Commissions/Absorption Costs | \$ 33.8              | \$ 10.3                  | \$ 23.5 | \$ 33.8              | \$ 8.8                   | \$ 25.0 |
| Net Lease Intangible Assets          | \$ 8.8               | \$ 4.6                   | \$ 4.2  | \$ 8.9               | \$ 4.3                   | \$ 4.6  |
| Net Lease Intangible Liabilities     | \$ 22.6              | \$ 7.3                   | \$ 15.3 | \$ 23.5              | \$ 6.3                   | \$ 17.2 |

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

Amortization of these components combined was \$2.3 million for the 2008 Quarter and \$2.3 million for the 2007 Quarter. No value had been assigned to Customer Relationship Value at March 31, 2008 or December 31, 2007.

**Discontinued Operations**

We classify properties as held for sale when they meet the necessary criteria specified by SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" and EITF 03-13, "Applying the Conditions in Paragraph 42 of FASB Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, in Determining Whether to Report Discontinued Operations." These include: senior management commits to and actively embarks upon a plan to sell the assets, the sale is expected to be completed within one year under terms usual and customary for such sales and actions required to complete the plan indicated that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn. Depreciation on these properties is discontinued, but operating revenues, operating expenses and interest expense continue to be recognized until the date of sale.

Under SFAS No. 144, revenues and expenses of properties that are either sold or classified as held for sale are presented as discontinued operations for all periods presented in the Statements of Income. Interest on debt that can be identified as specifically attributed to these properties is included in discontinued operations. We do not have significant continuing involvement in the operations of any of our disposed properties.

**Cash and Cash Equivalents**

Cash and cash equivalents include investments readily convertible to known amounts of cash with original maturities of 90 days or less.

**Restricted Cash**

Restricted cash at March 31, 2008 and December 31, 2007 consisted of \$7.6 million and \$6.0 million, respectively, in funds escrowed for tenant security deposits for certain tenants, real estate tax, insurance and mortgage escrows and escrow deposits required by lenders on certain of our properties to be used for future building renovations or tenant improvements.

**Assets and Liabilities Measured at Fair Value**

For assets and liabilities measured at fair value on a recurring basis, SFAS No. 157, *Fair Value Measurements*, requires quantitative disclosures about the fair value measurements separately for each major category of assets and liabilities. The only assets or liabilities the Company has at March 31, 2008 that are recorded at fair value on a recurring basis are the assets held in the Supplemental Executive Retirement Program ("SERP") and an interest rate hedge contract. The Company's valuations related to these items are based on assumptions derived from significant other observable inputs and accordingly fall into Level 2 in the fair value hierarchy. The fair value of these assets and liabilities at March 31, 2008 is as follows (in millions):

|  | March 31, 2008 |  |   |   |
|--|----------------|--|---|---|
|  | Fair Value     | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| Assets:                                |                |  |   |   |
| Supplemental Executive Retirement Plan | \$ 0.7         | \$ —   | \$ 0.7  | \$ —                                      |
| Liabilities:                           |                |  |   |   |
| Derivatives                            | \$ 1.2         | \$ —   | \$ 1.2  | \$ —                                      |

**Derivative Instruments**

In February 2008, we entered into an interest rate swap with a notional amount of \$100 million that qualifies as a cash flow hedge under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (See Note 6 for further details). We enter into interest rate swaps to manage our exposure to variable rate interest risk. We do not purchase derivatives for speculation. Our cash flow hedges are recorded at fair value. The effective portion of changes in fair value of cash flow hedges is recorded in other comprehensive income. The ineffective portion of changes in fair value of cash flow hedges is recorded in earnings in the period affected. We assess effectiveness of our cash flow hedges both at inception and on an ongoing basis. Hedge ineffectiveness did not have any impact on earnings in the 2008 Quarter. We did not have any cash flow hedges during 2007.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

***Stock Based Compensation***

We maintained a Share Grant Plan and Incentive Stock Option Plan as described in Note 7, and pursuant to those plans we made restricted share grants and granted share options to officers, eligible employees and trustees. Officer share grants vesting over five years vest in annual installments commencing one year after the date of grant and share grants that vest over three years vest twenty-five percent from date of grant in years one and two and fifty percent in year three. Officer performance share units, granted under an amendment to the Share Grant Plan, cliff vest at the end of a three year performance period. Officer and non-officer employee restricted share units, granted under an amendment to the Share Grant Plan, vest over 5 years. Trustee share grants are fully vested immediately upon date of share grant and are restricted from transferability for the period of the trustee's service.

In March 2007, the WRIT Board of Trustees adopted, and in July 2007 WRIT shareholders approved, the Washington Real Estate Investment Trust 2007 Omnibus Long-Term Incentive Plan ("2007 Plan"). This plan replaced the Share Grant Plan, which expired on December 15, 2007, as well as the 2001 Stock Option Plan and Stock Option Plan for Trustees. As described above, the shares and options granted pursuant to the above plans are not affected by the adoption of the 2007 Plan. However, if an award under the Share Grant Plan is forfeited or an award of options granted under the Option Plans expires without being exercised, the shares covered by those awards will not be available for issuance under the 2007 Plan.

The 2007 Plan provides for the award to WRIT's trustees, officers and non-officer employees of restricted shares, restricted share units, options and other awards to acquire up to an aggregate of 2,000,000 shares over the ten year period in which the plan will be in effect. If an award under the 2007 Plan of restricted shares or restricted share units is forfeited or an award of options or any other rights granted under the 2007 Plan expires without being exercised, the shares covered by any such award would again become available for issuance under new awards.

Compensation expense is recognized for share grants over the vesting period equal to the fair market value of the shares on the date of issuance. Compensation expense for the trustee grants, which fully vest immediately, is fully recognized upon issuance based upon the fair market value of the shares on the date of grant. The unvested portion of officer and non-officer employee share grants is recognized in compensation cost over the vesting period.

Unvested shares are forfeited upon an employee's termination except for employees eligible for retirement whose unvested shares fully vest upon retirement. For shares granted to employees who are eligible for retirement or will become eligible for retirement during the vesting period, compensation cost is recognized over the explicit service period with acceleration of expense upon the date of actual retirement for these employees. The Company will continue this practice for awards granted prior to January 1, 2006, when SFAS No. 123R was adopted, and for shares granted after the adoption of SFAS No. 123R the Company will recognize compensation expense through the date that the employee is no longer required to provide service to earn the award (e.g. the date the employee is eligible to retire).

Stock options were historically issued annually to officers, non-officer key employees and trustees under the Incentive Stock Option Plans. They were last issued to officers in 2002, to non-officer key employees in 2003 and to trustees in 2004. The options vested over a 2-year period in annual installments commencing one year after the date of grant, except for trustee options which vested immediately upon the date of grant. Stock options issued prior to the adoption of SFAS No. 123R are accounted for in accordance with APB No. 25, whereby if options are priced at fair market value or above at the date of grant and if other requirements are met then the plans are considered fixed and no compensation expense is recognized. Accordingly, we have recognized no compensation cost for stock options.

***Earnings per Common Share***

We calculate basic and diluted earnings per share in accordance with SFAS No. 128, "Earnings per Share." Basic earnings per share is computed as net income divided by the weighted-average common shares outstanding. Diluted earnings per share is computed as net income divided by the total weighted-average common shares outstanding plus the effect of dilutive common equivalent shares outstanding for the period. Dilutive common equivalent shares reflect the assumed issuance of additional common shares pursuant to certain of our share based compensation plans and operating partnership units that could potentially reduce or "dilute" earnings per share, based on the treasury stock method. Other potentially dilutive common shares, including shares potentially resulting from the senior convertible notes, are considered when calculating diluted earnings per share.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

***Use of Estimates in the Financial Statements***

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Reclassifications***

Certain prior year amounts have been reclassified to conform to the current year presentation.

***Other Comprehensive Income (Loss)***

We recorded other comprehensive loss of \$1.2 million for the 2008 Quarter to account for the change in valuation of an interest rate swap agreement that qualifies as a cash flow hedge under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. We recorded no other comprehensive income or loss for 2007.

**NOTE 3: REAL ESTATE INVESTMENTS**

Our real estate investment portfolio, at cost, consists of properties located in Maryland, Washington, D.C. and Virginia as follows (in thousands):

|                            | <u>March 31, 2008</u> | <u>December 31, 2007</u> |
|----------------------------|-----------------------|--------------------------|
| Office buildings           | \$ 812,107            | \$ 817,508               |
| Medical office buildings   | 355,505               | 354,485                  |
| Retail centers             | 264,410               | 257,966                  |
| Multifamily properties     | 263,014               | 229,241                  |
| Industrial/Flex properties | 315,993               | 304,920                  |
|                            | <u>2,011,029</u>      | <u>\$ 1,964,120</u>      |

The amounts above reflect properties classified as continuing operations, which means they are to be held and used in rental operations (income producing property).

We have several properties in development in our office and multifamily sectors. In the multifamily sector, Bennett Park was substantially completed in the fourth quarter of 2007, and The Clayborne Apartments were substantially completed in the first quarter of 2008. At Dulles Station, the building shell completion occurred early in the third quarter 2007. The cost of our real estate portfolio in development is illustrated below (in thousands):

|                            | <u>March 31, 2008</u> | <u>December 31, 2007</u> |
|----------------------------|-----------------------|--------------------------|
| Office buildings           | \$ 52,398             | \$ 56,311                |
| Medical office buildings   | 4,084                 | 4,016                    |
| Retail centers             | 91                    | 74                       |
| Multifamily                | 2,097                 | 37,920                   |
| Industrial/Flex properties | 114                   | —                        |
|                            | <u>\$ 58,784</u>      | <u>\$ 98,321</u>         |

We dispose of assets (sometimes using tax-deferred exchanges) that are inconsistent with our long-term strategic or return objectives and when market conditions for sale are favorable. The proceeds from the sales may be redeployed into other properties, used to fund development operations or to support other corporate needs, or distributed to our shareholders. Two office properties, Maryland Trade Centers I and II, were sold as of September 30, 2007 and classified as held for sale as of March 31, 2007. Properties are considered held for sale when they meet the criteria specified by SFAS No.144 (see Note 2 – Discontinued Operations). Depreciation on these properties is discontinued at that time, but operating revenues, other operating expenses and interest continue to be recognized until the date of sale. Two industrial properties, Sullyfield Center and The Earhart Building, were initially classified as held for sale in November 2007. Senior management has committed to, and

| Sullyfield Center        | Industrial | 596                | 283             |
| The Earhart Building     | Industrial | 251                | 166             |
|                          |            | <u>\$ 847</u>      | <u>\$ 1,038</u> |

Our results of operations are dependent on the overall economic health of our markets, tenants and the specific segments in which we own properties. These segments include commercial office, medical office, retail, multifamily and industrial. All sectors are affected by external economic factors, such as inflation, consumer confidence, unemployment rates, etc., as well as by changing tenant and consumer requirements. Because the properties are located in the Washington metro region, the Company is subject to a concentration of credit risk related to these properties.

WRIT acquired the following property during the first three months of 2008:

| Acquisition Date  | Property Name           | Property Type   | Rentable Square Feet | Purchase Price (in thousands) |
|-------------------|-------------------------|-----------------|----------------------|-------------------------------|
| February 22, 2008 | 6100 Columbia Park Road | Industrial/Flex | 150,000              | \$ 11,200                     |

As discussed in Note 2, we allocate the purchase price to the related physical assets (land, building and tenant improvements) and in-place leases (absorption, tenant origination costs, leasing commissions, and net lease intangible assets/liabilities) based on their fair values, in accordance with SFAS No. 141, "Business Combinations." The results of operations from this acquired property are included in the income statement as of the acquisition date.

The purchase of 6100 Columbia Park Road in February 2008 was funded with cash from operations and borrowings on our line of credit.

**NOTE 4: MORTGAGE NOTES PAYABLE**

|  | (in thousands)    |                      |
|--|-------------------|----------------------|
|  | March 31,<br>2008 | December 31,<br>2007 |
| On September 27, 1999, we executed a \$50.0 million mortgage note payable secured by Munson Hill Towers, Country Club Towers, Roosevelt Towers, Park Adams Apartments and the Ashby of McLean. The mortgage bears interest at 7.14% per annum and interest only is payable monthly until October 1, 2009, at which time all unpaid principal and interest are payable in full.   | \$ 50,000         | \$ 50,000            |
| On October 9, 2003, we assumed a \$36.1 million mortgage note payable and a \$13.7 million mortgage note payable as partial consideration for our acquisition of the Prosperity Medical Centers. The mortgages bear interest at 5.36% per annum and 5.34% per annum, respectively. Principal and interest are payable monthly until May 1, 2013, at which time all unpaid principal and interest are payable in full.  | 46,502            | 46,644               |
| On August 12, 2004, we assumed a \$10.1 million mortgage note payable, with an estimated fair value* of \$11.2 million, as partial consideration for our acquisition of Shady Grove Medical Village II. The mortgage bears interest at 6.98% per annum. Principal and interest are payable monthly until December 1, 2011, at which time all unpaid principal and interest are payable in full.  | 10,212            | 10,286               |
| On December 22, 2004, we assumed a \$15.6 million mortgage note payable, with an estimated fair value* of \$17.8 million, and a \$3.9 million mortgage note payable with an estimated fair value of \$4.2 million as partial consideration for our acquisition of Dulles Business Park. The mortgages bear interest at 7.09% per annum and 5.94% per annum, respectively. Principal and interest are payable monthly until August 10, 2012, at which time all unpaid principal and interest are payable in full. | 20,080            | 20,235               |
| On March 23, 2005 we assumed a \$24.3 million mortgage note payable, with an estimated fair value* of \$25.0 million, as partial consideration for the acquisition of Frederick Crossing. The mortgage bears interest at 5.95% per annum. Principal and interest are payable monthly until January 1, 2013 at which time all unpaid principal and interest are payable in full.  | 23,664            | 23,783               |
| On April 13, 2006, we assumed a \$5.7 million mortgage note payable as partial consideration for the acquisition of 9707 Medical Center Drive. The mortgage bears interest at 5.32% per annum. Principal and interest are payable monthly until July 1, 2028 at which time all unpaid principal and interest are payable in full.  | 5,391             | 5,428                |
| On June 22, 2006, we assumed a \$4.9 million mortgage note payable as partial consideration for the acquisition of Plumtree Medical Center. The mortgage bears interest at 5.68% per annum. Principal and interest are payable monthly until March 11, 2013 at which time all unpaid principal and interest are payable in full.   | 4,742             | 4,762                |

(UNAUDITED)

|   |                   |                   |
|---|-------------------|-------------------|
| On July 12, 2006, we assumed an \$8.8 million mortgage note payable as partial consideration for the acquisition of 15005 Shady Grove Road. The mortgage bears interest at 5.73% per annum. Principal and interest are payable monthly until March 11, 2013 at which time all unpaid principal and interest are payable in full.  | 8,577             | 8,613             |
| On August 25, 2006, we assumed a \$34.2 million mortgage note payable as partial consideration for the acquisition of 20-50 West Gude Drive. The mortgage bears interest at 5.86% per annum. Principal and interest are payable monthly until March 11, 2013 at which time all unpaid principal and interest are payable in full.   | 33,267            | 33,417            |
| On August 25, 2006, we assumed a \$23.1 million mortgage note payable as partial consideration for the acquisition of 902-904 Wind River Lane and 200 Orchard Ridge Road. The mortgage bears interest at 5.82%** per annum. Principal and interest are payable monthly until August 11, 2033** at which time all unpaid principal and interest are payable in full. The note may be repaid without penalty on August 11, 2010.                  | 22,550            | 22,641            |
| On June 1, 2007, we assumed a \$21.2 million mortgage note payable as partial consideration for the acquisition of Woodholme Medical Office Building. The mortgage bears interest at 5.29% per annum. Principal is payable beginning November 1, 2007, and principal and interest are payable monthly until November 1, 2015 at which time all unpaid principal and interest are payable in full.   | 21,106            | 21,176            |
| On June 1, 2007, we assumed a \$3.1 million mortgage note payable and a \$3.0 million mortgage note payable as partial consideration for our acquisition of the Ashburn Farm Office Park. The mortgages bear interest at 5.56% per annum and 5.69% per annum, respectively. Principal and interest are payable monthly until May 31, 2025 and July 31, 2023, respectively, at which time all unpaid principal and interest are payable in full. | 5,448             | 5,499             |
|   | <u>\$ 251,539</u> | <u>\$ 252,484</u> |

\* The fair value of the mortgage notes payable was estimated upon acquisition based upon dealer quotes for instruments with similar terms and maturities. There is no notation when the fair value approximates the carrying value.

\*\* If the loan is not repaid on August 11, 2010, from and after August 11, 2010, the interest rate adjusts to one of the following rates: (i) the greater of (A) 10.82% or (B) the Treasury Rate (determined as of August 11, 2010, and defined as the yield calculated using linear interpolation approximating the period from August 11, 2010 to August 11, 2033 on the basis of Federal Reserve Stat. Release H.15-Selected Interest Rates under the heading U.S. Governmental Security/Treasury Constant Maturities) plus 5%; or (ii) if the Note is an asset of an entity formed for purposes of securitization and pursuant thereto securities rated by a rating agency have been issued, then the rate will equal: the greater of (A) 7.82% or (B) the Treasury Rate plus 2%. Due to the high probability that the mortgage will be paid off on August 11, 2010, that date is reflected in the future maturities schedule.

Total carrying amount of the above mortgaged properties was \$451.6 million and \$449.3 million at March 31, 2008 and December 31, 2007, respectively. Scheduled principal payments for the remaining nine months in 2008 and the remaining years subsequent to December 31, 2008 are as follows (in thousands):

| <u>Total Principal Payments</u> |                   |
|---------------------------------|-------------------|
| 2008                            | \$ 3,112          |
| 2009                            | 54,285            |
| 2010                            | 25,973            |
| 2011                            | 13,339            |
| 2012                            | 21,088            |
| Thereafter                      | 133,742           |
| Total                           | <u>\$ 251,539</u> |

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

**NOTE 5: UNSECURED LINES OF CREDIT PAYABLE**

As of March 31, 2008, we maintained a \$75.0 million unsecured line of credit maturing in June 2011 (“Credit Facility No. 1”) and a \$262.0 million line of credit maturing in November 2010 (“Credit Facility No. 2”).

**Credit Facility No. 1**

Credit Facility No. 1 replaced Credit Facility No. 3 (see below) on June 29, 2007. We had \$52.0 million outstanding as of March 31, 2008 related to Credit Facility No. 1, and \$1.4 million in Letters of Credit issued, with \$21.6 million unused and available capacity. The balance under this facility was \$70.0 million at December 31, 2007. During the quarter, \$18.0 million was repaid, using the proceeds of the \$100 million term loan issued February 21, 2008 (see Note 6). WRIT has the option to further increase the capacity under the facility up to \$200 million to the extent the bank agrees to provide the additional commitment.

Borrowings under the facility bear interest at our option of LIBOR plus a spread based on the credit rating on our publicly issued debt or SunTrust Bank’s prime rate. All outstanding advances are due and payable upon maturity in June 2011. Interest only payments are due and payable generally on a monthly basis. For 2008 Quarter, we incurred interest expense (excluding facility fees) of \$827,900, representing an average interest rate of 5.21% per annum.

In addition, we pay a facility fee, based on the credit rating of our publicly-issued debt, currently equal to 0.15% per annum of the \$75.0 million committed capacity, without regard to usage. Rates and fees may be adjusted up or down based on changes in our senior unsecured credit ratings. For the 2008 Quarter, we incurred facility fees of \$17,900.

**Credit Facility No. 2**

We had \$122.5 million outstanding as of March 31, 2008 related to Credit Facility No. 2, and \$0.9 million in Letters of Credit issued, with \$138.6 million unused and available for subsequent acquisitions or capital improvements. At December 31, 2007, \$122.5 million was outstanding under this facility. There were no new advances under this facility during the 2008 Quarter.

On January 25, 2008, WRIT exercised the right to increase the capacity of the unsecured revolving credit facility with a syndicate of banks led by Wells Fargo Bank, National Association from \$200 million to \$262 million. The maturity date and all other terms remain materially unchanged. WRIT has the option to further increase the capacity under the facility up to \$400 million to the extent banks (from the syndicate or otherwise) agree to provide the additional commitment.

Advances under this agreement bear interest at our option of LIBOR plus a spread based on the credit rating on our publicly issued debt or the higher of Wells Fargo Bank’s prime rate and the Federal Funds Rate in effect on that day plus 0.5%. All outstanding advances are due and payable upon maturity in November 2010. Interest only payments are due and payable generally on a monthly basis. For the 2008 and 2007 Quarters, we incurred interest expense (excluding facility fees) of approximately \$1.6 million and \$476,200 respectively, representing an average interest rate of 5.16% and 5.75%, respectively, per annum.

Currently, Credit Facility No. 2 requires us to pay the lender a facility fee on the total commitment of 0.15% per annum. These fees are payable quarterly. For the 2008 and 2007 Quarters, we incurred facility fees of \$93,100 and \$75,000, respectively.

**Credit Facility No. 3**

Credit Facility No. 3 was replaced by Credit Facility No. 1 on June 29, 2007. Advances under this agreement bore interest at LIBOR plus a spread based on the credit rating on our publicly issued debt. There were no borrowings outstanding and payable under the facility upon the termination of the agreement in June 2007. Interest only payments were due and payable on a monthly basis. We incurred \$96,400 in interest expense (excluding facility fees) for the 2007 Quarter, representing an average interest rate of 5.90%.

Credit Facility No. 3 required us to pay the lender a facility fee on the total commitment of 0.15% per annum, based on the credit rating on our publicly issued debt. These fees were payable quarterly. We incurred facility fees of \$26,300 for the 2007 Quarter.

Credit Facility No. 1 and No. 2 contain certain financial and non-financial covenants, all of which we have met as of March 31, 2008.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

**NOTE 6: NOTES PAYABLE**

On February 20, 1998, we issued \$50.0 million of 7.25% unsecured notes due February 25, 2028 at 98.653% to yield approximately 7.36%. We also sold \$60.0 million in unsecured Mandatory Par Put Remarketed Securities ("MOPPRS") at an effective borrowing rate through the remarketing date (February 2008) of approximately 6.74%. On February 25, 2008, we repaid the \$60 million outstanding principal balance under the MOPPRS notes. The total aggregate consideration paid to repurchase the notes was \$70.8 million, which included \$8.7 million for the remarketing option value paid to the remarketing dealer and accrued interest paid to the noteholders. Accordingly, WRIT recognized a loss on extinguishment of debt of \$8.4 million, net of unamortized loan premium costs, upon settlement of these securities. WRIT refinanced the repurchase of these notes, and refinanced a portion of the line outstanding, by issuing the \$100 million 2-year term loan described below.

On March 17, 2003, we issued \$60.0 million of 5.125% unsecured notes due March 2013. The notes bear an effective interest rate of 5.23%. Our total proceeds, net of underwriting fees, were \$59.1 million. We used portions of the proceeds of these notes to repay advances on our lines of credit and to fund general corporate purposes.

On December 11, 2003, we issued \$100.0 million of 5.25% unsecured notes due January 2014. The notes bear an effective interest rate of 5.34%. Our total proceeds, net of underwriting fees, were \$99.3 million. We used portions of the proceeds of these notes to repay advances on our lines of credit.

On April 26, 2005, we issued \$50.0 million of 5.05% senior unsecured notes due May 1, 2012 and \$50.0 million of 5.35% senior unsecured notes due May 1, 2015, at effective yields of 5.064% and 5.359% respectively. The net proceeds from the sale of the notes of \$99.1 million were used to repay borrowings under our lines of credit totaling \$90.5 million and the remainder was used for general corporate purposes.

On October 6, 2005, we issued an additional \$100.0 million of notes of the series of 5.35% senior unsecured notes due May 1, 2015, at an effective yield of 5.49%. \$93.5 million of the \$98.1 million net proceeds from the sale of these notes was used to repay borrowings under our lines of credit and the remainder was used to fund general corporate purposes.

On June 6, 2006, we issued \$100.0 million of 5.95% unsecured notes due June 15, 2011 at 99.951% of par, resulting in an effective interest rate of 5.96%. Our total proceeds, net of underwriting fees, were \$99.4 million. We used the proceeds of these notes to repay advances on one of our lines of credit.

On July 26, 2006, we issued an additional \$50.0 million of the series of 5.95% unsecured notes due June 15, 2011 at 100.127% of par, resulting in an effective yield of 5.92%. Our total proceeds, net of underwriting fees, were \$50.2 million. We used the proceeds of these notes to repay borrowings under our lines of credit and to fund general corporate purposes.

On September 11, 2006, we issued \$100.0 million of 3.875% senior convertible notes due September 15, 2026. On September 22, 2006, we issued an additional \$10.0 million of the 3.875% senior convertible notes due September 15, 2026, upon the exercise by the underwriter of an over-allotment option granted by WRIT. The notes were issued at 99.5% of par, resulting in an effective interest rate of 4.000%. Our total proceeds, net of underwriting fees, were \$106.7 million. We used the proceeds of these notes to repay borrowings under our lines of credit and to fund general corporate purposes.

On January 22, 2007, we issued an additional \$135.0 million of the 3.875% senior convertible notes due September 15, 2026. On January 30, 2007, we issued an additional \$15.0 million of the 3.875% senior convertible notes due September 15, 2026, upon the exercise by the underwriter of an over-allotment option granted by WRIT. The notes were issued at 100.5% of par, resulting in an effective interest rate of 4.003%. Our total proceeds, net of underwriting fees, were \$146.0 million. We used the proceeds of these notes to fund the acquisition of 270 Technology Park and a portion of the acquisition of Monument II, to repay borrowings under our lines of credit, and to fund general corporate purposes.

The senior convertible notes are convertible into shares of our common stock, at the option of the holder, under specific circumstances on or after July 15, 2026, at an initial exchange rate of 20.090 shares of common stock per \$1,000 principal amount of notes. This is equivalent to an initial conversion price of \$49.78 per share, which represents a 22% premium over the \$40.80 closing price of our shares at the time the September 2006 transaction was priced and a 21% premium over the \$41.17 closing price of our shares at the time the January 2007 transaction was priced. Holders may convert their notes into shares of

WASHINGTON REAL ESTATE INVESTMENT TRUST  
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 MARCH 31, 2008  
 (UNAUDITED)

our common stock prior to the maturity date based on the applicable conversion rate during any fiscal quarter if the closing price of our common stock for at least 20 trading days in the 30 consecutive trading day period ending on the last trading day of the immediate preceding fiscal quarter is more than 130% of the conversion price per share on the last day of such preceding fiscal quarter. The initial conversion rate is subject to adjustment in certain circumstances including an adjustment to the rate if the quarterly dividend rate to common shareholders is in excess of \$0.4125 per share. In addition, the conversion rate will be adjusted if we make distributions of cash or other consideration by us or any of our subsidiaries in respect of a tender offer or exchange offer for our common stock, to the extent such cash and the value of any such other consideration per share of common stock validly tendered or exchanged exceeds the closing price of our common stock as defined in the note offering. Upon an exchange of notes, we will settle any amounts up to the principal amount of the notes in cash and the remaining exchange value, if any, will be settled, at our option, in cash, common shares or a combination thereof. The senior convertible notes could have a dilutive impact on our earnings per share calculation in the future. However, these notes are not dilutive for the 2008 and 2007 Quarters, and are not included in our earnings per share calculations.

On or after September 20, 2011, we may redeem the notes at a redemption price equal to the principal amount of the notes plus any accrued and unpaid interest, if any, up to, but excluding, the purchase date. In addition, on September 15, 2011, September 15, 2016 and September 15, 2021 or following the occurrence of certain change in control transactions prior to September 15, 2011, holders of these notes may require us to repurchase the notes for an amount equal to the principal amount of the notes plus any accrued and unpaid interest thereon.

On February 21, 2008 we entered into a \$100 million unsecured term loan (the "2010 Term Loan") with Wells Fargo Bank, National Association. The 2010 Term Loan has a maturity date of February 19, 2010 and bears interest at our option of LIBOR plus 1.50% or Wells Fargo's prime rate. To hedge our exposure to interest rate fluctuations on the \$100 million note, we entered into an interest rate swap, which fixed the LIBOR portion of the interest rate on the term loan at 2.95% through February 2010. The current interest rate, taking into account the swap, is 4.45% (2.95% plus 150 basis points) on a notional amount of \$100 million. The interest rate swap agreement will settle contemporaneously with the maturity of the loan. This swap qualifies as a cash flow hedge as discussed in Note 1.

The following is a summary of our unsecured note borrowings (in thousands):

|                          | March 31, 2008 | December 31, 2007 |
|--------------------------|----------------|-------------------|
| 6.74% notes due 2008     | \$ —           | \$ 60,000         |
| 4.45% note due 2010      | 100,000        | —                 |
| 5.95% notes due 2011     | 150,000        | 150,000           |
| 5.05% notes due 2012     | 50,000         | 50,000            |
| 5.125% notes due 2013    | 60,000         | 60,000            |
| 5.25% notes due 2014     | 100,000        | 100,000           |
| 5.35% notes due 2015     | 150,000        | 150,000           |
| 3.875% notes due 2026    | 260,000        | 260,000           |
| 7.25% notes due 2028     | 50,000         | 50,000            |
| Discount on notes issued | (1,965)        | (1,999)           |
| Premium on notes issued  | 748            | 1,122             |
| Total                    | \$ 918,783     | \$ 879,123        |

The required principal payments excluding the effects of note discounts or premium for the remaining nine months in 2008 and the remaining years subsequent to December 31, 2008 are as follows (in thousands):

|            |            |
|------------|------------|
| 2008       | \$ —       |
| 2009       | —          |
| 2010       | 100,000    |
| 2011       | 150,000    |
| 2012       | 50,000     |
| Thereafter | 620,000    |
|            | \$ 920,000 |

Interest on these notes is payable semi-annually, with the exception of the 2010 Term Loan, on which interest is payable monthly. All of the notes include certain non-financial covenants, and the non-convertible notes also include certain financial covenants, with which we must comply. The financial covenants include limits on our total debt, limits on our secured debt,

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

limits on our required debt service payments and maintenance of a minimum level of unencumbered assets. We were in compliance with all of our note covenants as of March 31, 2008.

The covenants under one of the line of credit agreements require us to insure our properties against loss or damage in the amount of the replacement cost of the improvements at the properties. The covenants for the notes require us to keep all of our insurable properties insured against loss or damage at least equal to their then full insurable value. We have an insurance policy which has no terrorism exclusion; however, our financial condition and results of operations are subject to the risks associated with acts of terrorism and the potential for uninsured losses as the result of any such acts. Effective November 26, 2002, under this existing coverage, any losses caused by certified acts of terrorism would be partially reimbursed by the United States under a formula established by federal law. Under this formula the United States pays 85% of covered terrorism losses exceeding the statutorily established deductible paid by the insurance provider, and insurers pay 10% until aggregate insured losses from all insurers reach \$100 billion in a calendar year. If the aggregate amount of insured losses under the Act exceeds \$100 billion during the applicable period for all insured and insurers combined, then each insurance provider will not be liable for payment of any amount which exceeds the aggregate amount of \$100 billion. On December 26, 2007, the Terrorism Risk Insurance Program Reauthorization Act of 2007 was signed into law and extends the Program through December 31, 2014.

**NOTE 7: BENEFIT PLANS**

**Share Options and Grants**

*Options*

In March 2007, the WRIT Board of Trustees adopted, and in July 2007 WRIT shareholders approved, the Washington Real Estate Investment Trust 2007 Omnibus Long-Term Incentive Plan ("2007 Plan"). This plan replaced the Share Grant Plan, which expired on December 15, 2007, as well as the 2001 Stock Option Plan and Stock Option Plan for Trustees. As described above, the shares and options granted pursuant to the above plans are not affected by the adoption of the 2007 Plan. However, if an award under the Share Grant Plan is forfeited or an award of options granted under the Option Plans expires without being exercised, the shares covered by those awards will not be available for issuance under the 2007 Plan.

The 2007 Plan provides for the award to WRIT's trustees, officers and non-officer employees of restricted shares, restricted share units, options and other awards to acquire up to an aggregate of 2,000,000 shares over the ten year period in which the plan will be in effect. If an award under the 2007 Plan of restricted shares or restricted share units is forfeited or an award of options or any other rights granted under the 2007 Plan expires without being exercised, the shares covered by any such award would again become available for issuance under new awards.

We adopted the Washington Real Estate Investment Trust 2001 Stock Option Plan to replace the 1991 Stock Option Plan that expired on June 25, 2001. The plans provided for the grant of qualified and non-qualified options. Options granted under the plans were granted with exercise prices equal to the market price on the date of grant vested 50% after year one and 50% after year two and expire ten years following the date of grant. We adopted the Washington Real Estate Investment Trust Stock Option Plan for Trustees in March 1998. Options granted to trustees were granted with exercise prices equal to the market price on the date of grant and were fully vested on the grant date. The last option awards to officers were in 2002, to non-officer key employees in 2003 and to trustees in 2004.

|                          | 2008    |                  |
|--------------------------|---------|------------------|
|                          | Shares  | Wtd Avg Ex Price |
| Outstanding at January 1 | 438,000 | 24.40            |
| Granted                  | —       | —                |
| Exercised                | (3,000) | 27.88            |
| Expired/Forfeited        | —       | —                |
| Outstanding at March 31  | 435,000 | 24.38            |
| Exercisable at March 31  | 435,000 | 24.38            |

The 435,000 options outstanding at March 31, 2008, all of which are exercisable, have exercise prices between \$14.47 and \$33.09, with a weighted-average exercise price of \$24.38 and a weighted average remaining contractual life of 3.9 years. The

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

aggregate intrinsic value of outstanding exercisable shares at March 31, 2008 was \$3.9 million. The aggregate intrinsic value of options exercised in the 2008 Quarter was \$10,000. There were no forfeitures of options in the 2008 Quarter.

*Share Grants, Performance Share Units and Restricted Share Units*

We maintained a Share Grant Plan for officers, trustees, and other members of management.

In 2004 and 2005, awards were granted to officers and other members of management in the form of restricted shares, with a value equal to various percentages of a participant's salary based upon WRIT's performance compared to an appropriate benchmark target, with minimum and maximum thresholds. The awards were valued based on market value at the date of grant. Shares vest ratably over a five year period from the date of grant.

In December 2006, the WRIT Board of Trustees approved a program providing for the granting of restricted share units to officers and other members of management and performance share units to officers based upon various percentages of their salaries and their positions with WRIT. For officers, one-third of the award is in the form of restricted share units that vest twenty percent per year based upon continued employment and two-thirds of the award is in the form of performance share units. Performance targets are set annually based on appropriate benchmarks with minimum and maximum thresholds. The performance share unit awards are based on cumulative performance over three years, and will cliff vest at the end of the three year period. For other members of management, 100% of the award will be in the form of restricted shares that vest 20% per year from date of grant based on performance targets. WRIT's Chairman and former CEO was excluded from long-term awards under the program in view of his announced intention to retire in 2007. With respect to the performance share units, which are based on three-year cumulative performance targets set at the beginning of each year, the grant date does not occur until all such targets are set and thus the significant terms of the award are known. Because payouts are probable, the Company estimates the compensation expense at each reporting period, until the grant date occurs and as progress towards meeting target is known, and recognizes this expense ratably over the three-year period. The estimated expense related to the 2006 performance share units based on the stock price at the end of the three-year period was approximately \$1.6 million of which \$25,000 and \$104,000 were recognized during the 2008 and 2007 Quarters, respectively. The estimated expense related to the 2007 performance share units at the end of the three-year period is approximately \$2.0 million of which \$2,000 and \$107,000 were recognized during the 2008 and 2007 Quarters, respectively. The estimated expense related to the 2008 performance share units at the end of the three-year period is approximately \$2.1 million of which \$164,000 was recognized during the 2008 Quarter. Participants who terminate prior to the end of the three-year performance period forfeit their entire portion of the award. There were 2,734 restricted share units awarded to other members of management in February 2008. Effective in 2007 under the Long Term Incentive Plan, elected deferrals of short term incentive awards by officers are converted into restricted share units which vest immediately on the grant date and WRIT will match 25% of the deferred short term incentive in restricted share units, which vest at the end of three years. Dividends on these restricted share units are paid in the form of restricted share units valued based on the market value of WRIT's stock on the date dividends are paid. WRIT granted 4,783 restricted share units to officers in 2007 pursuant to elective short term incentive deferrals. In the first quarter 2008, WRIT granted 60 restricted share units on dividends. Performance and restricted share units awarded were valued at a weighted average price per share based upon the market value on the date of grant, as follows:

|      | Shares | Wtd Avg<br>Grant<br>Price |
|------|--------|---------------------------|
| 2006 | 21,877 | 39.54                     |
| 2007 | 62,572 | 32.96                     |
| 2008 | 2,794  | 31.74                     |

In May 2007, the value of the restricted shares awarded to trustees was increased to \$55,000 from \$30,000. These shares vest immediately and are restricted from sale for the period of the trustee's service.

The following are tables of activity for the quarter ended March 31, 2008 related to our share grants and restricted share unit grants.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

**Share Grants**

|                       | 2008    |                     |
|-----------------------|---------|---------------------|
|                       | Shares  | Wtd Avg Grant Price |
| Vested at January 1   | 271,650 | 28.97               |
| Unvested at January 1 | 62,530  | 34.15               |
| Granted               | —       | —                   |
| Vested during period  | (7,815) | 31.33               |
| Expired/Forfeited     | —       | —                   |
| Unvested at March 31  | 54,715  | 34.56               |
| Vested at March 31    | 279,465 | 29.03               |

There were no shares granted during the 2008 Quarter. The total fair value of shares vested during the Quarter ending March 31, 2008 is \$0.2 million. As of March 31, 2008, the total compensation cost related to non-vested share awards not yet recognized was \$1.2 million, which is expected to be recognized over a weighted-average period of 16 months on a straight-line basis.

**Restricted Share Units**

|                       | 2008   |                     |
|-----------------------|--------|---------------------|
|                       | Shares | Wtd Avg Grant Price |
| Vested at January 1   | 8,154  | 35.73               |
| Unvested at January 1 | 80,831 | 34.35               |
| Granted               | 2,794  | 31.74               |
| Vested during period  | (48)   | 33.42               |
| Expired/Forfeited     | (31)   | 31.70               |
| Unvested at March 31  | 83,546 | 34.27               |
| Vested at March 31    | 8,202  | 35.54               |

The value of unvested restricted share units at March 31, 2008 was \$2.5 million, which is expected to be recognized as compensation cost over a period of 46 months on a straight-line basis.

Total compensation expense recognized for stock based awards in the 2008 and 2007 Quarters was \$0.5 million and \$0.5 million, respectively. The expense related to the quarter ending March 31, 2007 includes \$131,000 related to the accelerating vesting of the retiring CEO's share grant awards as required by SFAS No. 123R – Shared Based Payments.

**Other Benefit Plans**

We have a Retirement Savings Plan (the "401K Plan"), which permits all eligible employees to defer a portion of their compensation in accordance with the Internal Revenue Code. Under the 401K Plan, the Company may make discretionary contributions on behalf of eligible employees. The Company made contributions to the 401K Plan of \$119,000 and \$104,000 for the quarters ended March 31, 2008 and 2007, respectively.

We have adopted a non-qualified deferred compensation plan for the officers and members of the Board of Trustees. The plan allows for a deferral of a percentage of annual cash compensation and trustee fees. The plan is unfunded and payments are to be made out of the general assets of the Trust. The deferred compensation liability was \$2.1 million at March 31, 2008 and at December 31, 2007. Effective in 2007 under the Long Term Incentive Plan, elected deferrals of short term incentive awards by officers are converted into restricted share units and WRIT will match 25% of the deferred short term incentive in restricted share units, which vests at the end of three years.

We established a Supplemental Executive Retirement Plan ("SERP") effective July 1, 2002 for the benefit of our prior CEO, who retired on May 31, 2007. Under this plan, upon the prior CEO's termination of employment from the Trust for any reason other than death, discharge for cause, or total and permanent disability he was entitled to receive an annual benefit equal

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

to his accrued benefit times his vested interest. We accounted for this plan in accordance with SFAS No. 87, "Employers' Accounting for Pensions," whereby we accrued benefit cost in an amount that resulted in an accrued balance at the end of the prior CEO's employment which was not less than the present value of the estimated benefit payments to be made. At March 31, 2008 the accrued benefit liability was \$2.0 million. For the quarters ended March 31, 2008 and 2007, we recognized current service cost of \$33,000 and \$63,000, respectively. On December 31, 2006, WRIT adopted the recognition and disclosure provisions of SFAS No. 158. SFAS No. 158 required the Trust to recognize the funded status (i.e., the difference between the fair value of plan assets and the projected benefit obligations) of its pension plan in the December 31, 2006 statement of financial position, with a corresponding adjustment to accumulated other comprehensive income, net of tax. Because the prior CEO's SERP is unfunded, the adoption of SFAS No. 158 did not have an effect on the Trust's consolidated financial condition at December 31, 2006, or for any prior period presented and it will not affect the Trust's operating results in future periods. The Trust currently has an investment in corporate owned life insurance intended to meet the SERP benefit liability since the prior CEO's retirement. Benefit payments to the prior CEO will begin in July 2008.

In November 2005, the Board of Trustees approved the establishment of a SERP for the benefit of the officers, other than the prior CEO. This is a defined contribution plan under which, upon a participant's termination of employment from the Trust for any reason other than discharge for cause, the participant will be entitled to receive a benefit equal to the participant's accrued benefit times the participant's vested interest. We account for this plan in accordance with EITF 97-14, "Accounting for Deferred Compensation Arrangements Where Amounts Earned are Held in a Rabbi Trust and Invested" and SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," whereby the investments are reported at fair value, and unrealized holding gains and losses are included in earnings. For the quarters ended March 31, 2008 and 2007, we recognized current service cost of \$85,000 and \$53,000, respectively. This plan supersedes the split dollar life insurance plan terminated in April 2006. The Company terminated the split dollar agreements regaining ownership of the policies.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
MARCH 31, 2008  
(UNAUDITED)

**NOTE 8: SEGMENT INFORMATION**

We have five reportable segments: office buildings, medical office buildings, retail centers, multifamily properties and industrial/flex centers. Office buildings provide office space for various types of businesses and professions. Medical office buildings provide offices and facilities for a variety of medical services. Retail centers are typically neighborhood grocery store or drug store anchored retail centers. Multifamily properties provide housing for families throughout the Washington metropolitan area. Industrial/flex centers are used for flex-office, warehousing and distribution type facilities.

Real estate revenue as a percentage of total revenue for each of the five reportable operating segments is as follows:

|                          | Three Months Ended March 31, |      |
|--------------------------|------------------------------|------|
|                          | 2008                         | 2007 |
| Office Buildings         | 42%                          | 40%  |
| Medical Office Buildings | 15%                          | 13%  |
| Retail Centers           | 15%                          | 18%  |
| Multifamily Properties   | 13%                          | 13%  |
| Industrial/Flex Centers  | 15%                          | 16%  |

The percentage of total real estate assets, at cost, for each of the five reportable operating segments (excluding properties held for sale and in-development) is as follows:

|                          | March 31, 2008 | December 31, 2007 |
|--------------------------|----------------|-------------------|
| Office Buildings         | 40%            | 42%               |
| Medical Office Buildings | 18%            | 18%               |
| Retail Centers           | 13%            | 13%               |
| Multifamily Properties   | 13%            | 12%               |
| Industrial/Flex Centers  | 16%            | 15%               |

The accounting policies of each of the segments are the same as those described in Note 2. We evaluate performance based upon operating income from the combined properties in each segment. Our reportable operating segments are consolidations of similar properties. SFAS No.131, "Disclosures about Segments of an Enterprise and Related Information," requires that segment disclosures present the measure(s) used by the chief operating decision maker for purposes of assessing segments' performance. Net operating income is a key measurement of our segment profit and loss. Net operating income is defined as segment revenues less direct segment operating expenses.

The following table presents revenues and net operating income for the three months ended March 31, 2008 and 2007 from these segments, and reconciles net operating income of reportable segments to operating income as reported (in thousands):

**Segment Information (in thousands):**

|                                     | Three Months Ended March 31, 2008 |                          |                |             |                         |                     | Consolidated |

**ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion should be read in conjunction with the Consolidated Financial Statements of the Company and the notes thereto included elsewhere herein.*

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with United States generally accepted accounting principles. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. On an on-going basis, we evaluate these estimates, including those related to useful lives of real estate assets, cost reimbursement income, bad debts, impairment, contingencies and litigation. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. There can be no assurance that actual results will not differ from those estimates.

The discussion that follows is based on our consolidated results of operations for the three months ended March 31, 2008, the "2008 Quarter", and the three months ended March 31, 2007, the "2007 Quarter".

**Forward Looking Statements**

We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for the statements contained herein. The following important factors, in addition to those discussed elsewhere in our 2007 Annual Report on Form 10-K under the caption "Risk Factors," could affect our future results and could cause those results to differ materially from those expressed in the forward-looking statements: (a) the economic health of our tenants; (b) the economic health of the greater Washington metro region, or other markets we may enter, including the effects of changes in Federal government spending; (c) the supply of competing properties; (d) inflation; (e) consumer confidence; (f) unemployment rates; (g) consumer tastes and preferences; (h) stock price and interest rate fluctuations; (i) our future capital requirements; (j) compliance with applicable laws, including those concerning the environment and access by persons with disabilities; (k) governmental or regulatory actions and initiatives; (l) changes in general economic and business conditions; (m) changes in the capital markets; (n) terrorist attacks or actions; (o) acts of war; (p) weather conditions; (q) the effects of changes in capital available to the technology and biotechnology sectors of the economy, and (r) other factors discussed under the caption "Risk Factors." We undertake no obligation to update our forward-looking statements or risk factors to reflect new information, future events, or otherwise.

**Overview**

Our revenues are derived primarily from the ownership and operation of income-producing real properties in the greater Washington metro region. As of March 31, 2008, we owned a diversified portfolio of 91 properties, consisting of 14 retail centers, 26 general purpose office properties, 16 medical office buildings, 24 industrial/flex properties and 11 multifamily properties, totaling 13.0 million net rentable square feet, and land held for development. We have a fundamental strategy of regional focus, diversification by property type and conservative capital management.

When evaluating our financial condition and operating performance, management focuses on the following financial and non-financial indicators, discussed in further detail herein:

- Net Operating Income ("NOI") by segment (Non-GAAP). NOI is calculated as real estate rental revenue less real estate operating expenses. It is a supplemental measure to Net Income.
- Economic occupancy (or "occupancy" – defined as actual rental revenues recognized for the period indicated as a percentage of gross potential rental revenues for that period), leased percentage (the percentage of available physical net rentable area leased for our commercial segments and percentage of apartment units leased for our residential segment) and rental rates.
- Leasing activity – new leases, renewals and expirations.
- Funds From Operations ("FFO"), a non –GAAP supplemental measure to Net Income.

Our results in the first quarter of 2008 as compared to the first quarter of 2007 showed strong rental rate growth and a small decrease in overall occupancy. All commercial sectors are benefiting from the NOI contributions of the acquisitions in the last two years. The office sector experienced an NOI increase as occupancy continues to improve. The medical office and

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

industrial sectors also increased with some gains in rental rates. The multifamily NOI was flat due to lower occupancy caused by the fact that two properties were recently completed and are in lease-up. The retail sector experienced a small decrease in NOI due to higher bad debt expense.

We have made substantial progress on our ground-up development projects at Bennett Park, The Clayborne Apartments and Dulles Station. We substantially completed construction at Bennett Park in the fourth quarter of 2007, and began delivering units at The Clayborne in the first quarter of 2008. The two properties were 39% and 15% leased at the end of the 2008 quarter, respectively. At Dulles Station, the building shell completion occurred early in the third quarter 2007.

**GENERAL**

During the first three months of 2008 we completed the following significant transactions:

- The acquisition of one industrial/flex property for \$11.2 million adding approximately 150,000 square feet which was 78% leased at the end of the Quarter.
- An agreement to acquire one medical office property, currently under construction, for \$19.5 million. The purchase is expected to occur in the first quarter of 2009 and will add 85,300 square feet of medical office space.
- The repayment of the \$60 million outstanding principal balance under 6.74% 10-year Mandatory Par Put Remarketed Securities ("MOPPRS") notes. The total aggregate consideration paid to repurchase the notes was \$70.8 million, which amount included the \$8.7 million remarketing option value paid to the remarketing dealer and accrued interest paid to the holders. The loss on extinguishment of debt was \$8.4 million, net of unamortized loan premium costs, upon settlement of these securities. WRIT refinanced the repurchase of these notes, and refinanced a portion of line outstandings, by issuing a \$100 million 2-year term loan, which was swapped for a fixed rate of 4.45%.
- The exercise of the right to increase the capacity of the unsecured revolving credit facility with a syndicate of banks led by Wells Fargo Bank, National Association from \$200 million to \$262 million.
- The investment of \$9.3 million in our development projects, and the substantial completion of the Clayborne Apartments.
- The execution of new leases for 270,000 square feet of commercial space, with an average rental rate increase of 16.4%.

During the first three months of 2007 we completed the following significant transactions:

- The acquisition of one general purpose office property for \$78.2 million adding approximately 205,000 square feet which was 100.0% leased at the end of the Quarter, one medical office property for \$50.0 million adding approximately 110,000 square feet which was 96.0% leased at the end of the Quarter, and one industrial/flex property for \$26.5 million adding approximately 157,000 square feet which was 97.0% leased at the end of the Quarter.
- The issuance of \$150.0 million of 3.875% senior unsecured notes due 2026 at an effective yield of 4.003% raising \$146.0 million, net.
- The investment of \$17.8 million in our development projects.
- The execution of new leases for 365,500 square feet of commercial space.

**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

We believe the following critical accounting policies affect the more significant judgments and estimates used in the preparation of our consolidated financial statements. Our significant accounting policies are described in Note 2 in the Notes to the Consolidated Financial Statements.

***New Accounting Pronouncements***

In September 2006, the FASB issued FASB Statement No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. On February 12, 2007, the FASB issued FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157* ("the FSP"). The FSP amends SFAS No. 157 to delay the effective date for all non-financial assets and non-financial liabilities, except for those that are recognized or disclosed at fair value in the financial statements on a recurring basis (i.e. at least annually). The FSP defers the effective date of SFAS No. 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years for items within the scope of the proposed FSP. The effective date of the statement related to those items not covered by the deferral (all financial assets and liabilities or non-financial assets and liabilities recorded at fair value on a recurring basis) is for fiscal years beginning after November 15, 2007. We do not have significant assets or liabilities recorded at fair value on a recurring basis, and therefore the adoption of this statement on January 1, 2008 did not have a material impact on our financial statements. However, this statement requires us to provide expanded disclosures of our valuation techniques.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities – Including an Amendment of FASB Statement No. 115." SFAS No. 159 permits entities to choose to measure eligible items at fair value at specified election dates and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. We have not elected the fair value option for any assets or liabilities, and therefore the adoption of the statement did not have a material impact on our financial statements.

On March 26, 2008, the FASB elected to proceed to a draft of FASB Staff Position APB 14-a ("the proposed FSP"). This proposed guidance clarifies the accounting for convertible debt instruments that may be settled in cash (including partial cash settlement) upon conversion. When issued in final form, the guidance will significantly impact the accounting of the Company's convertible debt by requiring bifurcation of a component of the debt, classification of that component in stockholders' equity, and then accretion of the resulting discount on the debt to result in interest expense equal to the issuer's nonconvertible debt borrowing rate. The calculation of earnings-per-share would not be affected, other than the impact on net income from the debt discount amortization. The proposed FSP will be effective for fiscal years beginning after December 15, 2008. We believe that the adoption of the proposed FSP could have a significant impact on our financial statements if adopted in its current form due to our convertible debt outstanding, but have not quantified the impact because it is uncertain what the final FSP will require.

In December 2007, the FASB issued SFAS No. 141(R), "Business Combinations," a revision of SFAS No. 141. This statement changes the accounting for acquisitions specifically eliminating the step acquisition model, changing the recognition of contingent consideration from being recognized when it is probable to being recognized at the time of acquisition, disallowing the capitalization of transaction costs, and delays when restructuring related to acquisitions can be recognized. The standard is effective for fiscal years beginning after December 15, 2008, and will only impact the accounting for acquisitions we make after our adoption. Accordingly, upon our adoption of this standard on January 1, 2009, there will not be any impact on our historical financial statements.

Also in December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements," which clarifies the classification of noncontrolling interests in consolidated statements of financial position and the accounting for and reporting of transactions between the reporting entity and holders of such noncontrolling interests. Under the new standard noncontrolling interests are considered equity and should be reported as an element of consolidated equity. Net income will encompass the total income of all consolidated subsidiaries and there will be a separate disclosure on the face of the income statement of the attribution of that income between the controlling and noncontrolling interests. Increases and decreases in the noncontrolling ownership interest amount will be accounted for as equity transactions. The standard is

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

effective for fiscal years beginning after December 15, 2008. We are in the process of assessing the impact of the SFAS on our financial statements.

In March 2008 the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an Amendment of FASB Statement No. 133" (FAS 161). This statement requires entities to provide greater transparency about how and why an entity uses derivative instruments, and how derivative instruments and related hedged items affect an entity's financial position, results of operations, and cash flows. To meet these objectives, FAS 160 requires (1) qualitative disclosures about objectives for using derivatives by primary underlying risk exposure and by purpose or strategy, (2) information about the volume of derivative activity, (3) tabular disclosures about balance sheet location and gross fair value amounts of derivative instruments, income statement and other comprehensive income location and amounts of gains and losses on derivative instruments by type of contract, and (4) disclosures about credit risk-related contingent features in derivative agreements. FAS 161 is effective for financial statements issued for fiscal years beginning after November 15, 2008. We are in the process of assessing the impact of the SFAS on our financial statements.

***Revenue Recognition***

Residential properties (our multifamily segment) are leased under operating leases with terms of generally one year or less, and commercial properties (our office, medical office, retail and industrial segments) are leased under operating leases with average terms of three to seven years. We recognize rental income and rental abatements from our residential and commercial leases when earned on a straight-line basis in accordance with SFAS No. 13 "Accounting for Leases." Recognition of rental income commences when control of the facility has been given to the tenant. We record a provision for losses on accounts receivable equal to the estimated uncollectible amounts. This estimate is based on our historical experience and a review of the current status of the Company's receivables. Percentage rents, which represent additional rents based on gross tenant sales, are recognized when tenants' sales exceed specified thresholds.

In accordance with SFAS No. 66, "Accounting for Sales of Real Estate," sales are recognized at closing only when sufficient down payments have been obtained, possession and other attributes of ownership have been transferred to the buyer and we have no significant continuing involvement.

We recognize cost reimbursement income from pass-through expenses on an accrual basis over the periods in which the expenses were incurred. Pass-through expenses are comprised of real estate taxes, operating expenses and common area maintenance costs which are reimbursed by tenants in accordance with specific allowable costs per tenant lease agreements.

***Capital Expenditures***

We capitalize those expenditures related to acquiring new assets, significantly increasing the value of an existing asset, or substantially extending the useful life of an existing asset. We also capitalize costs incurred in connection with our development projects, including capitalizing interest during periods in which development projects are in progress. Expenditures necessary to maintain an existing property in ordinary operating condition are expensed as incurred. In addition, we capitalize tenant leasehold improvements when certain conditions are met, including when we supervise construction and will own the improvements.

***Real Estate Assets***

Real estate assets are depreciated on a straight-line basis over estimated useful lives ranging from 28 to 50 years. All capital improvement expenditures associated with replacements, improvements, or major repairs to real property are depreciated using the straight-line method over their estimated useful lives ranging from 3 to 30 years. All tenant improvements are amortized over the shorter of the useful life or the term of the lease.

We allocate the purchase price of acquired properties to the related physical assets and in-place leases based on their fair values, based on SFAS No. 141, "Business Combinations." The fair values of acquired buildings are determined on an "as-if-vacant" basis considering a variety of factors, including the physical condition and quality of the buildings, estimated rental and absorption rates, estimated future cash flows and valuation assumptions consistent with current market conditions. The "as-if-vacant" fair value is allocated to land, building and tenant improvements based on property tax assessments and other relevant information obtained in connection with the acquisition of the property.

---

**Table of Contents**

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

The fair value of in-place leases consists of the following components – (1) the estimated cost to us to replace the leases, including foregone rents during the period of finding a new tenant and foregone recovery of tenant pass-through expenses (referred to as “Absorption Cost”), (2) the estimated cost of tenant improvements, and other direct costs associated with obtaining a new tenant (referred to as “Tenant Origination Cost”); (3) the estimated leasing commissions associated with obtaining a new tenant (referred to as “Leasing Commissions”); (4) the above/at/below market cash flow of the leases, determined by comparing the projected cash flows of the leases in place to projected cash flows of comparable market-rate leases (referred to as “Net Lease Intangible”); and (5) the value, if any, of customer relationships, determined based on our evaluation of the specific characteristics of each tenant’s lease and our overall relationship with the tenant (referred to as “Customer Relationship Value”).

The amounts used to calculate Net Lease Intangibles are discounted using an interest rate which reflects the risks associated with the leases acquired. Tenant Origination Costs are included in Real Estate Assets on our balance sheet and are amortized as depreciation expense on a straight-line basis over the remaining life of the underlying leases. Leasing Commissions and Absorption Costs are classified as Other Assets and are amortized as amortization expense on a straight-line basis over the remaining life of the underlying leases. Net Lease Intangible Assets are classified as Other Assets and are amortized on a straight-line basis as a decrease to Real Estate Rental Revenue over the remaining term of the underlying leases. Net Lease Intangible Liabilities are classified as Other Liabilities and are amortized on a straight-line basis as an increase to Real Estate Rental Revenue over the remaining term of the underlying leases. Should a tenant terminate its lease, the unamortized portions of the Tenant Origination Cost, Leasing Commissions, Absorption Costs and Net Lease Intangible associated with that lease are written off to depreciation expense, amortization expense, and rental revenue, respectively. We have attributed no value to Customer Relationship Value as of March 31, 2008 or December 31, 2007.

***Assets held for Sale/Discontinued Operations***

We dispose of assets (sometimes using tax-deferred exchanges) that are inconsistent with our long-term strategic or return objectives and when market conditions for sale are favorable. The proceeds from the sales are reinvested into other properties, used to fund development operations or to support other corporate needs, or are distributed to our shareholders.

We classify properties as held for sale when they meet the necessary criteria specified by SFAS No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets.” These include: senior management commits to and actively embarks upon a plan to sell the assets, the sale is expected to be completed within one year under terms usual and customary for such sales and actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn. Depreciation on these properties is discontinued, but operating revenues, operating expenses and interest expense continue to be recognized until the date of sale.

Under SFAS 144, properties are classified as discontinued operations if the following conditions are met: (a) the operations and cash flows of the property have been (or will be) eliminated from the ongoing operations of the entity as a result of the disposal transaction and (b) the entity will not have any significant continuing involvement in the operations of the property after the disposal transaction. Revenues and expenses of properties that are either sold or classified as held for sale are treated as discontinued operations for all periods presented in the Statements of Income. As of March 31, 2008 and December 31, 2007 there were two properties classified as discontinued operations on our Consolidated Balance Sheets. These two properties are classified as held for sale.

***Impairment Losses on Long-Lived Assets***

We recognize impairment losses on long-lived assets used in operations when indicators of impairment are present and the net undiscounted cash flows estimated to be generated by those assets are less than the assets’ carrying amount. If such carrying amount is in excess of the estimated cash flows from the operation and disposal of the property, we would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to the estimated fair market value. There were no property impairments recognized during the first three months of 2008 and 2007.

***Federal Income Taxes***

We believe that we qualify as a REIT under Sections 856-860 of the Internal Revenue Code and intend to continue to qualify as such. To maintain our status as a REIT, we are required to distribute at least 90% of our ordinary taxable income to our shareholders. When selling properties, we have the option of (i) reinvesting the sale price of properties sold, allowing for a

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

deferral of income taxes on the sale, (ii) paying out capital gains to the shareholders with no tax to the company or (iii) treating the capital gains as having been distributed to the shareholders, paying the tax on the gain deemed distributed and allocating the tax paid as a credit to the shareholders. No properties were sold in the first three months of 2008 or 2007.

**RESULTS OF OPERATIONS**

The discussion that follows is based on our consolidated results of operations for the Quarters ended March 31, 2008 and 2007. The ability to compare one period to another may be significantly affected by acquisitions completed and dispositions made during those periods.

For purposes of evaluating comparative operating performance, we categorize our properties as “core”, “non-core” or discontinued operations. A “core” property is one that was owned for the entirety of the periods being evaluated. A “non-core” property is one that was acquired during either of the periods being evaluated and is included in continuing operations. Results for properties sold or held for sale during any of the periods evaluated are classified as discontinued operations. One property was acquired during the 2008 Quarter and three properties were acquired during the 2007 Quarter. Four properties were classified as held for sale or sold during the 2008 and 2007 Quarters.

To provide more insight into our operating results, our discussion is divided into two main sections: (1) Consolidated Results of Operations where we provide an overview analysis of results on a consolidated basis and (2) Net Operating Income (“NOI”) where we provide a detailed analysis of core versus non-core property-level NOI results by segment. NOI is calculated as real estate rental revenue less real estate operating expenses.

**CONSOLIDATED RESULTS OF OPERATIONS**

**REAL ESTATE RENTAL REVENUE**

Real Estate Rental Revenue for properties classified as continuing operations is summarized as follows (all data in thousands, except percentage amounts):

|                                  | Three Months Ended March 31, |                 |                 |              |
|----------------------------------|------------------------------|-----------------|-----------------|--------------|
|                                  | 2008                         | 2007            | Change          |              |
|                                  |                              |                 | \$              | %            |
| Minimum base rent                | \$61,186                     | 52,892          | \$ 8,294        | 15.7%        |
| Recoveries from tenants          | 7,860                        | 5,818           | 2,042           | 35.1%        |
| Parking and other tenant charges | 1,232                        | 1,142           | 90              | 7.9%         |
|                                  | <u>\$70,278</u>              | <u>\$59,852</u> | <u>\$10,426</u> | <u>17.4%</u> |

Real estate rental revenue is comprised of (1) minimum base rent, which includes rental revenues recognized on a straight-line basis, (2) revenue from the recovery of operating expenses from our tenants and (3) other revenue such as parking, termination fees and percentage rent.

Minimum base rent increased \$8.3 million (15.7%) in the 2008 Quarter compared to the 2007 Quarter primarily due to the non-core properties. Non-core properties accounted for \$7.2 million of the increase in minimum base rent in the 2008 Quarter over the 2007 Quarter and \$1.0 million of the increase in recoveries from tenants. Minimum base rent from core properties in the 2008 Quarter increased \$1.1 million over the prior year driven by increased occupancy in the office and residential sectors and increases in rental rate growth in all sectors.

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

A summary of consolidated economic occupancy from continuing operations by sector follows:

|                          | Three Months Ended March 31, |              |               |
|--------------------------|------------------------------|--------------|---------------|
|                          | 2008                         | 2007         | Change        |
| Office Buildings         | 95.5%                        | 92.8%        | 2.7%          |
| Medical Office Buildings | 97.9%                        | 99.2%        | (1.3)%        |
| Retail Centers           | 95.3%                        | 94.6%        | 0.7%          |
| Multifamily Properties   | 79.6%                        | 90.6%        | (11.0)%       |
| Industrial/Flex Centers  | 94.5%                        | 95.2%        | (0.7)%        |
| Total                    | <u>93.1%</u>                 | <u>93.9%</u> | <u>(0.8)%</u> |

Economic occupancy represents actual rental revenues recognized for the period indicated as a percentage of gross potential rental revenues for that period. Percentage rents and expense reimbursements are not considered in computing economic occupancy percentages.

Our overall consolidated economic occupancy decreased 80 basis points for the 2008 Quarter as compared to the 2007 Quarter. Occupancy in the multifamily sector decreased by 11.0% because the newly-developed Bennett Park and Clayborne apartments have been placed into service and are in the initial lease-up phase. Bennett Park and Clayborne were 39% and 15% leased at the end of the 2008 Quarter, respectively. Occupancy in the office sector improved 270 basis points due primarily to leasing activity at 7900 Westpark and West Gude.

**REAL ESTATE OPERATING EXPENSES**

Real estate operating expenses, for properties classified as continuing operations, are summarized as follows (all data in thousands, except percentage amounts):

|                             | Three Months Ended March 31, |                 |                |              |
|-----------------------------|------------------------------|-----------------|----------------|--------------|
|                             | 2008                         | 2007            | Change         |              |
|                             |                              |                 | \$             | %            |
| Property operating expenses | \$16,539                     | \$13,630        | \$2,909        | 21.3%        |
| Real estate taxes           | 6,594                        | 5,076           | 1,518          | 29.9%        |
|                             | <u>\$23,133</u>              | <u>\$18,706</u> | <u>\$4,427</u> | <u>23.7%</u> |

Property operating expenses include utilities, repairs and maintenance, property administration and management, operating services, common area maintenance and other operating expenses.

Real estate operating expenses were 32.9% of revenue in the 2008 Quarter and 31.2% of the revenue in the 2007 Quarter. Property operating expenses increased \$2.9 million as a result of higher utility costs and administrative expenses. Non-core properties accounted for \$2.7 million of the increase and core properties increased \$0.2 million. Non-core properties were \$1.1 million of the \$1.5 million increase in real estate taxes over the 2007 Quarter. Core real estate taxes increased \$0.4 million over the 2007 Quarter due to higher property value assessments.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

**OTHER OPERATING EXPENSES**

Other operating expenses are summarized as follows (all data in thousands, except percentage amounts):

|                                | Three Months Ended March 31, |                 |                 |              |
|--------------------------------|------------------------------|-----------------|-----------------|--------------|
|                                | 2008                         | 2007            | Change          |              |
|                                |                              |                 | \$              | %            |
| Depreciation & amortization    | \$20,525                     | \$16,126        | \$ 4,399        | 27.3%        |
| Interest expense               | 17,664                       | 14,384          | 3,280           | 22.8%        |
| Loss on extinguishment of debt | 8,449                        | —               | 8,449           | —            |
| General & administrative       | 3,080                        | 2,883           | 197             | 6.8%         |
|                                | <u>\$49,718</u>              | <u>\$33,393</u> | <u>\$16,325</u> | <u>48.9%</u> |

Depreciation and amortization expense increased \$4.4 million (27.3%) to \$20.5 million in the 2008 Quarter from \$16.1 million in the 2007 Quarter due primarily to acquisitions and placing development projects into service.

General and administrative expenses increased approximately \$0.2 million in the 2008 Quarter compared to the 2007 Quarter. This increase is due primarily to higher trustee compensation and higher administrative depreciation for computer software and implementation costs and corporate office expansion.

The loss on extinguishment of debt is a non-recurring charge associated with the refinancing of \$60 million of 10-year Mandatory Par Put Remarketed Securities ("MOPPRS") with a \$100 million 2-year term loan in February 2008. WRIT entered into a \$100 million unsecured term loan which was swapped for a fixed rate of 4.45% to refinance the extinguished debt.

Interest expense increased \$3.3 million to \$17.7 million in the 2008 Quarter from \$14.4 million in the 2007 Quarter, as 2007 acquisitions were funded primarily by debt. Mortgage interest also increased \$0.4 million for the 2008 Quarter due to the mortgage assumptions on some acquisitions in 2007. Capitalized interest decreased \$0.5 million because the Bennett Park and Clayborne development projects were placed into service in the fourth quarter of 2007 and first quarter of 2008, respectively.

A summary of interest expense for the Quarter ended March 31, 2008 and 2007, respectively, appears below (in millions):

| Debt Type            | Three Months Ended March 31, |                |               |
|----------------------|------------------------------|----------------|---------------|
|                      | 2008                         | 2007           | \$ Change     |
| Notes payable        | \$ 12.0                      | \$ 11.5        | \$ 0.5        |
| Mortgages            | 3.8                          | 3.4            | 0.4           |
| Lines of credit      | 2.7                          | 0.8            | 1.9           |
| Capitalized interest | (0.8)                        | (1.3)          | 0.5           |
| Total                | <u>\$ 17.7</u>               | <u>\$ 14.4</u> | <u>\$ 3.3</u> |

**OTHER INCOME**

In March 2007, upon the death of a retired executive officer, the Company, as beneficiary on a life insurance policy, recognized proceeds of \$1.3 million in excess of cash surrender value, which has been reported as other income in the financial statements for the 2007 Period.

**DISCONTINUED OPERATIONS**

We dispose of assets (sometimes using tax-deferred exchanges) that are inconsistent with our long-term strategic or return objectives and where market conditions for sale are favorable. The proceeds from the sales are reinvested into other properties, used to fund development operations, support corporate needs, or distributed to our shareholders.

WRIT did not dispose of any assets in the 2008 Quarter.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

WRIT sold two properties and classified two properties as held for sale in 2007. The two sold properties, Maryland Trade Centers I and II, were classified as held for sale as of March 31, 2007 and sold as of September 26, 2007. They were sold for a contract sales price of \$58.0 million, and WRIT recognized a gain on disposal of \$25.0 million, in accordance with SFAS No. 66, "Accounting for Sales of Real Estate." \$15.3 million of the proceeds from the disposition was used to fund the purchase of CentreMed I & II on August 16, 2007 in a reverse tax free property exchange, and \$40.1 million of the proceeds from the disposition were escrowed in a tax free property exchange account and subsequently used to fund a portion of the purchase price of 2000 M Street on December 4, 2007.

In November 2007 we concluded that Sullyfield Center and The Earhart Building met the criteria specified in SFAS No. 144, "accounting for the Impairment or Disposal of Long-Lived Assets," necessary to classify these properties as held for sale. Senior management has committed to, and actively embarked upon, a plan to sell the assets, and the sale is expected to be completed within one year under terms usual and customary for such sales, with no indication that the plan will be significantly altered or abandoned. Depreciation on these properties was discontinued at that time, but operating revenues and other operating expenses continue to be recognized until the date of sale. Under SFAS No. 144, revenues and expenses of properties that are classified as held for sale or sold are treated as discontinued operations for all periods presented in the Statements of Income.

Operating results of the properties classified as discontinued operations for the 2008 and 2007 Quarters are summarized as follows (in thousands):

|                               | Three Months Ended March 31, |                 |                 |
|-------------------------------|------------------------------|-----------------|-----------------|
|                               | 2008                         | 2007            | \$ Change       |
| Revenues                      | \$ 1,098                     | \$ 2,742        | \$ (1,644)      |
| Property expenses             | (251)                        | (1,055)         | 804             |
| Depreciation and amortization | —                            | (649)           | 649             |
|                               | <u>\$ 847</u>                | <u>\$ 1,038</u> | <u>\$ (191)</u> |

**NET OPERATING INCOME**

Real estate NOI is one of the key performance measures we use to assess the results of our operations at the property level. We provide NOI as a supplement to net income calculated in accordance with U. S. generally accepted accounting principles ("GAAP"). NOI does not represent net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. NOI is calculated as net income, less non-real estate ("other") revenue, plus interest expense, depreciation and amortization and general and administrative expenses. A reconciliation of NOI to net income is provided below.

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST

|  | Three Months Ended March 31, |           |           |          |
|  | 2008                         | 2007      |           |          |
| Core                                   | 95.3%                        | 93.8%     |           |          |
| Non-core <sup>(1)</sup>                | 80.6%                        | 99.3%     |           |          |
| Total                                  | 93.1%                        | 93.9%     |           |          |

<sup>(1)</sup> Non-core properties include:

2008 acquisitions – 6100 Columbia Park Road

2007 acquisitions – 270 Technology Park, Monument II, 2440 M Street, Woodholme Medical Office Building, Woodholme Center, Ashburn Farm Office Park, CentreMed and 2000 M Street

2008 and 2007 in development – Bennett Park, Clayborne Apartments and Dulles Station

<sup>(2)</sup> Discontinued operations include income from operations for:

2008 Quarter and 2007 Quarter held for sale – Sullyfield Center and The Earhart Building

2007 Quarter sold properties – Maryland Trade Centers I & II

We recognized NOI of \$47.1 million in the 2008 Quarter, which was \$6.0 million or 14.6% greater than in the 2007 Quarter due primarily to our acquisitions in 2007. The non-core properties contributed \$5.8 million in NOI in the 2008 Quarter (12.3% of total NOI).

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

Core properties experienced a \$1.1 million increase (2.8%) in NOI due to a \$1.7 million increase in revenue offset somewhat by a \$0.6 million increase in property expenses. Real estate revenue benefited from increased occupancy in the office and retail sectors, as well as increased rental rates. The increase in core expenses was driven primarily by higher utilities in the office sector.

Overall economic occupancy decreased from 93.9% in the 2007 Quarter to 93.1% in the 2008 Quarter as non-core economic occupancy decreased from 99.3% to 80.6%, because the newly-developed Bennett Park and Clayborne were placed into service and are in the initial lease-up phase. As of March 31, 2008, 13.5% of the total commercial square footage leased is scheduled to expire in the next twelve months. During the 2008 Quarter we executed new leases for 270,000 square feet at an average rental rate increase of 16.4%. An analysis of NOI by sector follows.

- <sup>(1)</sup> Non-core properties include:  
2008 and 2007 in development – Dulles Station  
2007 acquisitions – Monument II, Woodholme Center and 2000 M Street

The office sector recognized NOI of \$19.2 million in the 2008 Quarter, which was \$3.3 million or 20.9% higher than in the 2007 Quarter due primarily to the NOI contribution of the properties acquired in 2007. Those properties contributed \$2.9 million to the increase in NOI. Core office sector NOI was \$0.5 million (3.0%) higher than in the comparable quarter in 2007 due primarily to increased occupancy and rental rates.

Core economic occupancy increased to 95.4% from 92.6% as a result of the leasing activity at 7900 Westpark and West Gude.

As of March 31, 2008, 11.1% of the total office square footage leased is scheduled to expire in the next twelve months. We executed new leases for 150,000 square feet of office space with an 18.1% increase in rental rates.

<sup>(1)</sup> Non-core properties include:  
2007 acquisitions – 2440 M Street, Woodholme Medical Office Building, Ashburn Farm Office Park and CentreMed

The medical office sector recognized NOI of \$7.2 million in the 2008 Quarter which was \$1.8 million or 34.0% higher than the 2007 Quarter due to the properties acquired in 2007. The acquired properties contributed \$2.0 million to the increase in NOI. Core medical office sector NOI was slightly lower than 2007 primarily due to decreased occupancy.

Core economic occupancy decreased 80 basis points in the 2008 Quarter as compared to the 2007 Quarter and as of March 31, 2008, 10.4% of the total medical office square footage leased is scheduled to expire in the next twelve months. We executed new leases for 13,000 square feet of medical office space with a 17.7% increase in rental rates.

| Total                             |                              | 95.3%    |           | 94.6%    |

Retail sector NOI decreased slightly in the 2008 Quarter from the 2007 Quarter due to higher bad debt expense.

Occupancy increased by 70 basis points compared to the 2007 Quarter primarily due to the lease-up of Montrose Crossing. As of March 31, 2008, 15.6% of the total retail square footage leased is scheduled to expire in the next twelve months. We executed new leases for 17,000 square feet of retail space at an average rent increase of 22.4%.

<sup>(1)</sup> Non-core properties include:  
2008 and 2007 in development – Bennett Park and Clayborne Apartments

Multifamily NOI was flat due to a \$0.6 million increase in revenue offset by a \$0.6 million increase in non-core expenses related to the development properties, Bennett Park and Clayborne. Core revenues were higher in the 2008 Quarter due to increased occupancy and rental rate growth.

Occupancy decreased by 11.0% compared to the 2007 Quarter because the newly-developed Bennett Park and Clayborne were placed into service and are in the initial lease-up phase. Bennett Park was 39% leased and Clayborne was 15% leased at the end of the 2008 Quarter.

<sup>(1)</sup> Non-core properties include:  
2008 acquisition – 6100 Columbia Park Road  
2007 acquisition – 270 Technology Park

The industrial sector recognized NOI of \$7.8 million in the 2008 Quarter, which was \$0.9 million (13.0%) greater than in the 2007 Quarter primarily due to a core rental rate increase of 2.2% and the acquisition of 270 Technology Park in February 2007.

Non-core properties contributed \$0.3 million to the increase in NOI.

Core economic occupancy remained flat for the 2008 Quarter as compared to the 2007 Quarter. As of March 31, 2008, 15.8% of the total industrial square footage leased is scheduled to expire in the next twelve months. We executed new leases for 89,000 square feet of industrial space at an average rent increase of 8.3%.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

**LIQUIDITY AND CAPITAL RESOURCES**

Our primary sources of liquidity are cash from our real estate operations and our unsecured credit facilities. As of March 31, 2008, we had approximately \$12.9 million in cash and cash equivalents and \$160.2 million available for borrowing under our unsecured credit facilities.

In January 2008, WRIT exercised a portion of the accordion feature on one of its unsecured revolving credit facilities. WRIT's total borrowing capacity was increased to \$337 million at a rate of LIBOR plus 0.425%. In February 2008, WRIT completed an extinguishment of debt on \$60 million of 10-year Mandatory Par Put Remarketed Securities ("MOPPRS"). WRIT issued a \$100 million 2-year term loan, which was swapped for a fixed rate of 4.45% to refinance the 6.74% debt. Also, \$18.0 million under our unsecured credit facilities was repaid using the proceeds of the \$100 million term loan. There were no new advances under the unsecured credit facilities during the 2008 Quarter.

We derive substantially all of our revenue from tenants under leases at our properties. Our operating cash flow therefore depends materially on our ability to lease our properties to tenants, the rents that we are able to charge to our tenants, and the ability of these tenants to make their rental payments.

Our primary uses of cash are to fund distributions to shareholders, to fund capital investments in our existing portfolio of operating assets, to fund new acquisitions, redevelopment and ground-up development activities and to fund operating and administrative expenses. As a REIT, we are required to distribute at least 90% of our taxable income to our shareholders on an annual basis. We also regularly require capital to invest in our existing portfolio of operating assets in connection with large-scale renovations, routine capital improvements, deferred maintenance on properties we have recently acquired, and our leasing activities, including funding tenant improvement allowances and leasing commissions. The amounts of the leasing-related expenditures can vary significantly depending on negotiations with tenants and the current competitive leasing environment.

As we review the results of the first three months and anticipate the business activity for the remainder of 2008, we expect to complete the year with significant capital requirements. For the twelve months ended December 31, 2008, total anticipated costs are as follows:

- Funding dividends on our common shares and minority interest distributions to third party unit holders;
- Approximately \$35.1 million to invest in our existing portfolio of operating assets, including approximately \$28.2 million to fund tenant-related capital requirements;
- Approximately \$12.4 million to invest in our development projects;
- Approximately \$100.0—\$120.0 million to fund our expected property acquisitions;
- In the first quarter of 2008, \$8.7 million was used to fund a non-recurring charge, resulting from an extinguishment of debt on \$60 million on 10-year Mandatory Par Put Remarketed Securities ("MOPPRS");

We expect to meet our capital requirements using cash generated by our real estate operations and through borrowings on our unsecured credit facilities, additional debt or equity capital raised in the public markets, possible asset dispositions or funding through property-specific mortgage debt.

We believe that we will generate sufficient cash flow from operations and have access to the capital resources necessary to fund our requirements. However, as a result of general, greater Washington metro regional or tenant economic downturns, unfavorable changes in the supply of competing properties, changes in the capital markets or our properties not performing as expected, we may not generate sufficient cash flow from operations or otherwise have access to capital on favorable terms, or at all. If we are unable to obtain capital from other sources, we may not be able to pay the dividend required to maintain our status as a REIT, make required principal and interest payments, make strategic acquisitions, or make necessary routine capital improvements or undertake redevelopment opportunities with respect to our existing portfolio of operating assets. In addition, if a property is mortgaged to secure payment of indebtedness and we are unable to meet mortgage payments, the holder of the mortgage could foreclose on the property, resulting in loss of income and asset value.

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

If principal amounts due at maturity cannot be refinanced, extended or paid with proceeds of other capital transactions, such as new debt or equity capital, our cash flow may be insufficient to repay all maturing debt. Prevailing interest rates or other factors at the time of a refinancing (such as possible reluctance of lenders to make commercial real estate loans) may result in higher interest rates and increased interest expense.

**Capital Structure**

We manage our capital structure to reflect a long-term investment approach, generally seeking to match the cash flow of our assets with a mix of equity and various debt instruments. We expect that our capital structure will allow us to obtain additional capital from diverse sources that could include additional equity offerings of common shares, public and private debt financings and possible asset dispositions. Our ability to raise funds through the sale of debt and equity securities is dependent on, among other things, general economic conditions, conditions in the capital markets, general market conditions for REITs, our operating performance, our debt rating and the current trading price of our shares. We will always analyze which source of capital is most advantageous to us at any particular point in time; however, the capital markets may not consistently be available on terms that are attractive.

**Debt Financing**

We generally use unsecured, corporate-level debt, including unsecured notes and our unsecured credit facilities, to meet our borrowing needs. Our total debt at March 31, 2008 is summarized as follows (in thousands):

|                             |                     |
|-----------------------------|---------------------|
| Fixed rate mortgages        | \$ 251,539          |
| Unsecured credit facilities | 174,500             |
| Unsecured notes payable     | <u>920,000</u>      |
| Total debt                  | <u>\$ 1,346,039</u> |

The \$251.5 million in fixed rate mortgages, which includes \$2.4 million in unamortized premiums due to fair value adjustments associated with assumption of certain mortgages in connection with acquisitions, bore an effective weighted average interest rate of 5.8% at March 31, 2008 and had a weighted average maturity of 4.8 years.

Our primary external source of liquidity is our two revolving credit facilities. At March 31, 2008 we had availability to borrow an additional \$160.2 million under these lines, which bear interest at an adjustable spread over LIBOR based on our public debt rating. Credit Facility No. 1 is a four-year, \$75.0 million unsecured credit facility expiring in June 2011, with an option for a one-year extension. Credit Facility No. 2 is a four-year \$262.0 million unsecured credit facility that expires in November 2010, with an option for a one-year extension.

In February, WRIT completed an extinguishment of debt on \$60 million of 10-year Mandatory Par Put Remarketed Securities ("MOPPRS"), resulting in an \$8.4 million non-recurring charge. WRIT entered into a \$100 million unsecured term loan (the "Term Loan"), which was swapped for a fixed rate of 4.45% to refinance the extinguished debt. The 2010 Term Loan has a maturity date of February 19, 2010, and bears interest at WRIT's option of LIBOR plus 1.50% or Wells Fargo's prime rate. To hedge our exposure to interest rate fluctuations on the 2010 Term Loan, we entered into an interest rate swap agreement, which fixed the LIBOR portion of the interest rate on the term loan at 2.95% through February 2010. As a result of the interest rate swap agreement, the 2010 Term Loan bears interest at an effective fixed rate of 4.45% (2.95% plus 1.50% margin). The interest rate swap agreement will settle contemporaneously with the maturity of the 2010 Term Loan.

We anticipate that over the near term, interest rate fluctuations will not have a material adverse effect on earnings. Our unsecured fixed-rate notes payable have maturities ranging from February 2008 through February 2028 (see Note 6), as follows (in thousands):

|                       | <u>Note Principal</u> |
|-----------------------|-----------------------|
| 4.45% notes due 2010  | \$ 100,000            |
| 5.95% notes due 2011  | 150,000               |
| 5.05% notes due 2012  | 50,000                |
| 5.125% notes due 2013 | 60,000                |
| 5.25% notes due 2014  | 100,000               |

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

|                       |                   |
|-----------------------|-------------------|
| 5.35% notes due 2015  | 150,000           |
| 3.875% notes due 2026 | 260,000           |
| 7.25% notes due 2028  | 50,000            |
|                       | <u>\$ 920,000</u> |

Our unsecured revolving credit facilities and the unsecured notes payable contain certain financial and non-financial covenants, discussed in greater detail in our 2007 10-K, all of which were met as of March 31, 2008.

Our unsecured notes include certain non-financial covenants, and our unsecured, non-convertible notes also include certain financial covenants, with which we must comply. The financial covenants include limits on our total debt, limits on our secured debt, limits on our required debt service payments and maintenance of a minimum level of unencumbered assets. As of March 31, 2008 we were in compliance with all of our unsecured note covenants.

**Dividends**

We pay dividends quarterly. The maintenance of these dividends is subject to various factors, including the discretion of the Board of Trustees, the ability to pay dividends under Maryland law, the availability of cash to make the necessary dividend payments and the effect of REIT distribution requirements, which require at least 90% of our taxable income to be distributed to shareholders. Dividend and distribution payments were as follows for the 2008 and 2007 Quarters (in thousands):

|                                 | Three Months Ended March 31, |                  |
|---------------------------------|------------------------------|------------------|
|                                 | 2008                         | 2007             |
| Common dividends                | \$ 19,756                    | \$ 18,590        |
| Minority interest distributions | 47                           | 34               |
|                                 | <u>\$ 19,803</u>             | <u>\$ 18,624</u> |

Dividends paid for the 2008 Quarter increased as a result of a quarterly dividend rate increase from \$0.4125 per share to \$0.4225 per share in June 2007 and the addition of 1.6 million shares from the equity offering in June 2007.

**Acquisitions and Development**

During the 2008 Quarter we acquired one property:

| Acquisition Date  | Property Name           | Property Type   | Rentable<br>Square Feet | Purchase Price<br>(in thousands) |
|-------------------|-------------------------|-----------------|-------------------------|----------------------------------|
| February 22, 2008 | 6100 Columbia Park Road | Industrial/Flex | 150,000                 | \$ 11,200                        |

During the 2007 Quarter we acquired three properties:

| Acquisition Date | Property Name       | Property Type      | Rentable<br>Square Feet | Purchase Price<br>(in thousands) |
|------------------|---------------------|--------------------|-------------------------|----------------------------------|
| February 8, 2007 | 270 Technology Park | Industrial/Flex    | 157,000                 | \$ 26,500                        |
| March 1, 2007    | Monument II         | Office             | 205,000                 | 78,200                           |
| March 9, 2007    | 2440 M Street       | Medical office     | 110,000                 | 50,000                           |
|                  |                     | Total 2007 Quarter | <u>472,000</u>          | <u>\$ 154,700</u>                |

The industrial acquisition in 2008 was funded with cash from operations and borrowings on our line of credit.

The purchase of 270 Technology Park in February 2007 was funded from proceeds of our convertible debt offering in January 2007. The purchase of Monument II in March 2007 was funded with proceeds from the January convertible debt offering and borrowings of \$30 million on our line of credit. The purchase of the 2440 M Street property was funded by borrowings on our line of credit.

As of March 31, 2008, we had funded \$184.4 million, in development and land costs, on three major development projects — Bennett Park, The Clayborne Apartments and Dulles Station. By the end of 2007, Bennett Park was placed in service; the property was 39% leased at quarter-end. During the 2008 Quarter, The Clayborne was placed into service; the property was

## Table of Contents

### WASHINGTON REAL ESTATE INVESTMENT TRUST MARCH 31, 2008 (UNAUDITED)

15% leased at quarter-end. Investment during the 2008 Quarter on these projects totaled \$9.3 million compared to \$17.8 million during the 2007 Quarter.

#### Historical Cash Flows

Consolidated cash flow information is summarized as follows (in millions):

|                                       | Three Months Ended March 31, |           |           |
|---------------------------------------|------------------------------|-----------|-----------|
|                                       | 2008                         | 2007      | Change    |
| Cash provided by operating activities | \$ 22.2                      | \$ 29.8   | \$ (7.6)  |
| Cash used in investing activities     | \$(24.0)                     | \$(180.1) | \$ 156.1  |
| Cash provided by financing activities | \$ (6.8)                     | \$ 148.9  | \$(155.7) |

Operations generated \$22.2 million of net cash in the 2008 Quarter compared to \$29.8 million of net cash generated during the comparable period in 2007. The decrease in cash flow was due primarily to higher interest payments in the 2008 Quarter driven by acquisitions during 2007, as well as income from life insurance proceeds in the 2007 Quarter. The level of net cash provided by operating activities is also affected by the timing of payment of expenses.

Our investing activities used net cash of \$24.0 million in the 2008 Quarter compared to \$180.1 million in the 2007 Quarter. The change is due to the fact that there was one acquisition in the 2008 period for \$11.2 million, as compared to three acquisitions for \$154.7 million in the 2007 Quarter. Also, spending on the development projects was \$9.3 million in the 2008 Quarter compared to \$17.8 million in the 2007 Quarter.

Our financing activities used net cash of \$6.8 million in the 2008 Quarter compared to \$148.9 million provided in the 2007 Quarter. This difference was due primarily to the proceeds from our convertible debt offering in the 2007 Quarter of \$150.8 million.

#### RATIOS OF EARNINGS TO FIXED CHARGES AND DEBT SERVICE COVERAGE

The following table sets forth the Trust's ratios of earnings to fixed charges and debt service coverage for the periods shown:

|                           | Three Months Ended<br>March 31, |      |
|---------------------------|---------------------------------|------|
|                           | 2008                            | 2007 |
| Earnings to fixed charges | (a)                             | 1.5x |
| Debt service coverage     | 1.9x                            | 2.6x |

(a) Due to the Trust's loss from continuing operations during the 2008 Quarter, the coverage ratio was less than 1:1. The Trust must generate additional earnings of \$3,092,000 to achieve a coverage of 1:1.

We computed the ratio of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, including amortized costs of debt issuance, plus interest costs capitalized.

We computed the debt service coverage ratio by dividing earnings before interest income and expense, depreciation, amortization and gain on sale of real estate by interest expense and principal amortization.

Both the earnings to fixed charges ratio and the debt service coverage ratio for the three months ended March 31, 2008 include the impact of the loss on extinguishment of debt of \$8.4 million (see *Consolidated Results of Operations* in Item 2).

#### FUNDS FROM OPERATIONS

Funds From Operations ("FFO") is a widely used measure of operating performance for real estate companies. We provide FFO as a supplemental measure to net income calculated in accordance with U. S. generally accepted accounting principles ("GAAP"). Although FFO is a widely used measure of operating performance for equity real estate investment trusts ("REITs"), FFO does not represent net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. In addition, FFO does not represent cash generated from operating activities in accordance with GAAP, nor does it represent cash available to pay distributions and should not be

[Table of Contents](#)

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

considered as an alternative to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity. The National Association of Real Estate Investment Trusts, Inc. ("NAREIT") defines FFO (April 2002 White Paper) as net income (computed in accordance with GAAP) excluding gains (or losses) from sales of property plus real estate depreciation and amortization. We consider FFO to be a standard supplemental measure for REITs because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which historically assumes that the value of real estate assets diminishes predictably over time. Since real estate values have instead historically risen or fallen with market conditions, we believe that FFO more accurately provides investors an indication of our ability to incur and service debt, make capital expenditures and fund other needs. Our FFO may not be comparable to FFO reported by other REITs. These other REITs may not define the term in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently.

The following table provides the calculation of our FFO and a reconciliation of FFO to net income (in thousands):

|   | Three Months Ended |                 |
|---|--------------------|-----------------|
|   | March 31,          |                 |
|   | 2008               | 2007            |
| Net income  | \$ (1,488)         | \$10,712        |
| Adjustments:  |                    |                 |
| Other income from life insurance proceeds           | —                  | (1,303)         |
| Depreciation and amortization                       | 20,525             | 16,126          |
| Discontinued operations depreciation & amortization | —                  | 649             |
| FFO as defined by NAREIT                            | <u>\$19,037</u>    | <u>\$26,184</u> |

WASHINGTON REAL ESTATE INVESTMENT TRUST  
MARCH 31, 2008  
(UNAUDITED)

**ITEM 3: QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT FINANCIAL MARKET RISK**

The principal material financial market risk to which we are exposed is interest-rate risk. Our exposure to market risk for changes in interest rates relates primarily to refinancing long-term fixed rate obligations, the opportunity cost of fixed rate obligations in a falling interest rate environment and our variable rate lines of credit. We primarily enter into debt obligations to support general corporate purposes including acquisition of real estate properties, capital improvements and working capital needs.

In February 2008, we entered into an interest rate swap that qualifies as a cash flow hedge under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. We enter into interest rate swaps to manage our exposure to variable rate interest risk. We do not purchase derivatives for speculation. Our cash flow hedges are recorded at fair value. The effective portion of changes in fair value of cash flow hedges is recorded in other comprehensive income. The ineffective portion of changes in fair value of cash flow hedges is recorded in earnings in the period affected. We assess effectiveness of our cash flow hedges both at inception and on an ongoing basis.

As the majority of our outstanding debt is long-term, fixed rate debt, our interest rate risk has not changed significantly from what was disclosed in our 2007 Form 10-K.

**ITEM 4: CONTROLS AND PROCEDURES**

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting, of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2008. Based on the foregoing, our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting concluded that the Trust's disclosure controls and procedures were effective.

There have been no changes in the Company's internal control over financial reporting (as defined by Rule 13a-15(f)) that occurred during the period covered by the report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting, other than as described above.

**WASHINGTON REAL ESTATE INVESTMENT TRUST  
LONG-TERM INCENTIVE PLAN  
(Effective January 1, 2006, as amended effective January 1, 2008)**

**Description of Plan Operation**

**Background:** The new Long-term Incentive Plan (LTIP) replaces the LTIP that was in effect for the performance period ending with calendar year 2005, which is described in the document titled "Washington Real Estate Investment Trust Short-term and Long-term Incentive Compensation Plan." The prior LTIP provided grants of restricted shares in 2006 based on WRIT's five-year total shareholder return compared to the average five-year total shareholder return of a benchmark/index of other real estate investment trusts for the period ending prior to the grant date. Restricted shares vested ratably over a period of five years from the grant date. Transition (restricted) Shares were also granted to certain Officers in May 2006 and will vest 25% after one year, 25% after the second year, with the remaining 50% vesting at the end of three years. All Restricted Shares and Transition Shares were granted under WRIT's Share Grant Plan.

**The LTIP:** Grants under the new LTIP will be comprised of Restricted Share Units (RSUs), instead of restricted shares, with a five-year vesting period (like the current restricted shares) and performance share units (PSUs), which cliff vest after three years. Management Level A and B employees will receive RSUs only. Officers will receive 1/3 of their LTI grants in RSUs and 2/3 in PSUs. RSUs and PSUs awarded, and WRIT shares issued, under the terms of the LTIP will be granted under WRIT's 2007 Omnibus Long-Term Incentive Plan.

1. **Eligibility:** Officers and Management Level A and B employees (including the Director of Retail Leasing, but excluding other leasing group employees) who are employed at the commencement of the performance period (January 1) are eligible to participate the LTIP. In addition, an employee in an eligible class hired after January 1 may participate if the employee's offer letter specifies that the employee will be eligible for a LTIP award for a performance period that has already commenced.
2. **Determination of Grant for Officers.** The value of the total target award (RSUs + PSUs) is based on a percentage of salary established by the Compensation Committee and the participant's position at WRIT. Officers will receive 1/3 of their LTI target awards in RSUs and 2/3 in PSUs. The dollar values of target awards are established by multiplying the percentage of salary established by the Compensation Committee for each position, with respect to RSUs and PSUs, respectively, shown on Appendix A, by the Officer's salary. The number of RSUs granted to each Officer is determined by first dividing the dollar value of the target RSU award for that Officer by the price of WRIT shares at the time of grant and then dividing the result by a valuation adjustment factor of 90% to reflect the risk of forfeiture. The target number of PSUs granted to each Officer is determined by first dividing the dollar value of the target PSU award established for that Officer by the price of WRIT shares at the time

---

of grant and then dividing the result by a valuation adjustment factor of 75% to reflect the risk of forfeiture and the probability of achieving target performance.

3. Determination of Grant for Management Employees. Management Level A and B employees will receive RSUs only. The number of RSUs granted to Management Level A and B employees is determined by first determining the percentage of salary on which the grant will be based. The percentage of salary for Management Level A and B employees is based on WRIT's performance (50% annual FFO per share and 50% EBIDTA), relative to the target performance established for the year immediately preceding the commencement of the performance period, and is determined in accordance with the applicable schedule on Appendix B. A dollar value is then determined for each employee by multiplying the applicable percentage by the employee's salary. The actual number of RSUs granted is then determined by dividing the dollar value established for that employee by the price of WRIT shares at the time of grant and dividing that result by a valuation adjustment factor of 90% to reflect the risk of forfeiture.
4. Performance Measures for PSUs. Performance will be measured on 50% annual FFO per share and 50% EBIDTA. Targets are established for each year of the three year period in advance of the year, but awards are based on WRIT's three-year cumulative performance.
5. Determination of Actual PSU Awards: Payout starts above 90% performance with a continuous payout slope of 1% increase in payout, as a percentage of the target PSU award, for every 0.1% increase in performance, as shown in the payout schedule on Appendix C. The actual number of PSUs paid out is determined by multiplying the target number of PSUs granted by the payout percentage (shown as "Payout as a % of Target Award" in the payout schedule in Appendix C), determined based on actual performance versus target performance, in accordance with the payout schedule. The maximum level of performance that will be recognized is 110% of Target Performance. The Maximum Award, payable for Maximum Performance or above, is 200% of the Target Award. Notwithstanding this payout schedule, the annualized FFO per share growth over the performance period must be at least zero or greater for any payout to be earned; if FFO per share growth is less than zero for the performance period any payouts will be made at the discretion of the Board of Trustees.
6. Vesting of PSUs. PSUs cliff vest as of the last day of the three year performance period (December 31). Non-vested PSUs are forfeited at termination of employment except in the case of total and permanent disability, death, retirement, layoff on account of a reduction in force, or change in control.
7. Treatment of PSUs Upon Termination on Account of Death, Disability, Retirement, Layoff on account of a Reduction in Force Non-vested PSUs are not forfeited at termination of employment in the case of total and permanent disability, death, retirement, or layoff on account of a reduction in force. A pro rata portion of the

---

PSUs granted to a participant who has terminated employment for any of these reasons vests at the end of the performance period. The pro rata portion of PSUs that vests is determined by multiplying the number of PSUs to which the participant is entitled at the end of the performance period by a fraction, the numerator of which is the number of the participant's months of employment during the performance period and the denominator of which is 36. For this purpose, a month will be treated as a month of employment only if the employee is employed for more than 50% of the days in that month (15 or more days in February and 16 or more days in all other months).

- Retirement means termination of employment on or after age 65, or on or after age 55 with 20 years of continuous service
- Total and permanent disability means a medical or physical impairment which can be expected to result in death or last for a continuous period of at least 12 months, as a result of which the participant is receiving income replacement benefits for a period of at least three months from an accident or health plan covering WRIT employees.

8. Treatment of PSUs Upon Change in Control. The performance period will end on the date of a Change in Control. In the event of a Change in Control, each participant who is employed by WRIT on the date of the Change in Control will receive an award of PSU's based on such performance period (whether or not such participant terminates employment). The amount of the award will be determined by comparison of the targets for each performance year to the cumulative performance on the date a Change in Control (with the targets prorated for any partial year for which the Change in Control occurs in the first year of a three year performance period). If (1) a participant has terminated employment during such performance period, but before the Change in Control, on account of death, total and permanent disability, retirement, or a layoff on account of a reduction in force, or (2) the termination is involuntary or for good reason (i.e., because of a diminution of the participant's duties, responsibilities, or compensation), and in either case occurs within 90 days before the Change in Control and WRIT or its successor cannot demonstrate through a preponderance of evidence that the termination was not on account of the Change in Control, the participant's award will be based on targets through the end of such performance period (with the targets prorated for any partial year) as if he or she had been employed on the date of the Change in Control.

- Standards for determining whether a termination of employment is on account of a Change in Control shall be the same as in WRIT's 2007 Omnibus Long-Term Incentive Plan.

9. Form and Timing of Payment of PSUs. PSUs are converted to common shares of beneficial interest in WRIT, and delivered, within 2-1/2 months of the end of the performance period.

- 
10. Dividends on PSUs. An amount equal to the dividends granted on WRIT shares is paid in cash at the end of the performance period based on PSUs awarded.
11. Vesting of RSUs. RSUs vest ratably over five years on the anniversary of the date of grant. Non-vested RSUs are forfeited at termination of employment except in the case of total and permanent disability, death, retirement, layoff on account of a reduction in force, or a Change in Control. Vested RSUs are forfeited if a participant is terminated for “cause”.
- “Cause” means any of the following: (1) commission by a participant of a felony or crime of moral turpitude; (2) conduct by a Participant in the performance of his duties which is illegal, dishonest, fraudulent or disloyal; (3) the breach by a Participant of any fiduciary duty the Participant owes to the WRIT; or (4) gross neglect of duty or poor performance which is not cured by the Participant to the reasonable satisfaction of WRIT within 30 days of Participant’s receipt of written notice from WRIT advising Participant of said gross neglect or poor performance.
12. Treatment of RSUs upon Termination on Account of Death, Disability, Retirement, or Layoff on account of a Reduction in Force, or Change in Control Non-vested RSUs fully vest at termination of employment in the case of (1) total and permanent disability, (2) death, (3) retirement, (4) layoff on account of a reduction in force, or (5) Change in Control.
- Retirement means termination of employment on or after age 65, or on or after age 55 with 20 years of continuous service
  - Total and permanent disability means a medical or physical impairment which can be expected to result in death or last for a continuous period of at least 12 months, as a result of which the participant is receiving income replacement benefits for a period of at least three months from an accident or health plan covering WRIT employees.
  - A termination that is involuntary or for good reason (i.e., because of a diminution of the participant’s duties, responsibilities, or compensation) will be considered on account of a Change in Control if it occurs (1) on or after the Change in Control or (2) within 90 days before the Change in Control (provided WRIT or its successor cannot demonstrate through a preponderance of evidence that the termination was not on account of the Change in Control).
13. Form and Timing of Payment of RSUs RSUs are converted to common shares of beneficial interest in WRIT, and delivered, after: (1) vesting in full for individuals who are employed throughout the five year period; or (2) vesting prior to the end of the five year period upon termination on account of total and permanent disability, death, retirement, layoff on account of a reduction in force, or change in control. In addition, RSUs that were vested at the time of any other termination of employment (other than a termination for “cause”) will be converted to common shares of beneficial interest in WRIT and distributed. Shares will be paid by the end of the next calendar quarter to all participants who are entitled to distribution following

---

vesting at the end of the five-year vesting period. Participants, other than Officers, who are fully or partially vested and are entitled to receive distributions prior to the end of the five-year vesting period, as described in this paragraph 13, will receive their shares by the end of the next calendar quarter following termination of employment. Officers will receive their shares by the end of the next calendar quarter following termination on account of death or disability, but will not receive their shares until the earlier of (1) the expiration of six months following any other termination of employment or (2) the Officer's death.

14. Dividends on RSUs: For vested and non-vested RSUs, an amount equal to the dividends granted on WRIT common shares is paid in cash at the same time dividends on WRIT common shares are paid.
15. LTIP Administration and Interpretation. The LTIP will be administered by the Compensation Committee of the Board of Trustees of WRIT, which has the discretion and authority to interpret the Plan. The LTIP will be interpreted in a manner consistent with ensuring the treatment of the LTIP as two separate plans: (1) a plan pursuant to which RSUs are granted and vest over a five-year period that is operated in compliance with the requirements of Section 409A of the Internal Revenue Code and the regulations and other interpretive guidance issued by the Internal Revenue Service and the U.S. Department of the Treasury guidance under Section 409A (Section 409A regulations); and (2) a plan providing for the award of PSUs that vest as of the end of a three-year performance period and is operated to ensure that such PSUs are exempt from the application of Section 409A as "short-term deferrals" under the Section 409A regulations.
16. Amendment and Termination of the LTIP. WRIT reserves the right to amend or terminate the LTIP at any time, provided that no amendment will deprive a participant of any vested right under the LTIP, nor result in the acceleration of any award payable under the LTIP if such acceleration would result in a violation of Section 409A of the Internal Revenue Code.
17. Effective Date. The provisions of the LTIP, as described above, apply to grants of RSUs and PSUs for performance periods beginning on or after January 1, 2006.

Appendix A

WASHINGTON REAL ESTATE INVESTMENT TRUST  
LONG-TERM INCENTIVE PLAN  
(Effective January 1, 2006, as amended effective January 1, 2008)

Description of Plan Operation

Officers: LTI Target Award as a Percentage of Salary

Restricted Share Units

| Target Award Value as a % of Salary |       |       |                    |
|-------------------------------------|-------|-------|--------------------|
| CEO                                 | EVP   | SVPs  | Managing Directors |
| 50%                                 | 41.7% | 33.3% | 25%                |

Performance Share Units

| Target Award Value as a % of Salary |       |       |                    |
|-------------------------------------|-------|-------|--------------------|
| CEO                                 | EVP   | SVPs  | Managing Directors |
| 100%                                | 83.3% | 66.7% | 50%                |

Appendix B

WASHINGTON REAL ESTATE INVESTMENT TRUST  
LONG-TERM INCENTIVE PLAN  
(Effective January 1, 2006, as amended effective January 1, 2008)

Description of Plan Operation

Management Level A and B Employees:  
RSU Actual Award as a Percentage of Salary

Management Level A

| Performance vs. Target | Award Value as a % of Salary |
|------------------------|------------------------------|
| <40%                   | 0%                           |
| 41% - 74%              | 1.2%                         |
| 75% - 94%              | 5%                           |
| 95% - 99%              | 7.5%                         |
| 100%                   | 10%                          |
| 101% - 105%            | 11%                          |
| 106% - 110%            | 13%                          |
| >=111%                 | 15%                          |

Management Level B

| Performance vs. Target | Award Value as a % of Salary |
|------------------------|------------------------------|
| <75%                   | Mgmt. Discretion             |
| 75% - 94%              | 3%                           |

Appendix C

WASHINGTON REAL ESTATE INVESTMENT TRUST  
LONG-TERM INCENTIVE PLAN  
(Effective January 1, 2006, as amended effective January 1, 2008)

Description of Plan Operation

Officers: PSU Payouts as a Percentage of Target Award

Payouts start above 90% performance and end at 110% performance, with a continuous payout slope of 1% increase in payout, as a percentage of the target PSU award, for every 0.1% increase in performance.

Payouts for every 1% increase in performance are illustrated below. However, for performance that falls between whole percentage points, payouts will be interpolated.

Performance Share Units

| Performance vs.<br>Target | Payout as a % of Target Award |
|---------------------------|-------------------------------|
| <=90%                     | 0%                            |
| 91%                       | 10%                           |
| 92%                       | 20%                           |
| 93%                       | 30%                           |
| 94%                       | 40%                           |
| 95%                       | 50%                           |
| 96%                       | 60%                           |
| 97%                       | 70%                           |

## WASHINGTON REAL ESTATE INVESTMENT TRUST

## Computation of Ratio of Earnings to Fixed Charges

For the Quarter Ended March 31, 2008

(In thousands)

|  | <u>Q1 2008</u> | <u>Q1 2007</u> |
|--|----------------|----------------|
| Income (loss) from continuing operations | \$ (2,335)     | \$ 9,674       |
| <b>Additions:</b>                        |                |                |
| Fixed charges                            |                |                |
| Interest expense                         | 17,664         | 14,384         |
| Capitalized interest                     | <u>757</u>     | <u>1,260</u>   |
|  | \$18,421       | \$15,644       |
| <b>Deductions:</b>                       |                |                |
| Capitalized interest                     | <u>(757)</u>   | <u>(1,260)</u> |
| Adjusted earnings                        | <u>15,329</u>  | <u>24,058</u>  |
| Fixed Charges (from above)               | 18,421         | 15,644         |
| Ratio of Earnings to Fixed Charges       | (a)            | 1.54           |

<sup>(a)</sup> Due to the Trust's loss from continuing operations during the 2008 Quarter, the coverage ratio was less than 1:1. The Trust must generate additional earnings of \$3,092 to achieve a coverage of 1:1. The loss in Q1 2008 included the impact of the loss on extinguishment of debt of \$8,449 (See *Consolidated Results of Operations* in Item 2.)

## CERTIFICATION

I, George F. McKenzie, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Washington Real Estate Investment Trust;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonable likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonable likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
